## Shire of Coolgardie

Message from the Shire President  
August 2017

Council adopted the 2017/18 Budget at a Special meeting of Council on Tuesday 15th August.

Councillors and Staff have worked diligently together participating in workshops and modelling scenarios during the past two months to ensure this year's Budget, in a tough economic environment, and at time of Federal and State Government fiscal constraint, is a responsible one for our Shire.

Council is of the opinion that a fair and equitable rate model has been adopted for this financial year, as it is built on the back of the review of the structure of our organisation and the levels of service to the community. Significant savings have been identified, which has enabled increased funds to be transferred to Reserves, increased expenditure on our road network, and being able to keep an increase in rates this year to just 1.5%.

The road network will benefit this year with \$1.6 million spent on renewal, and \$940,000 on maintenance, with contributions coming in from Mining Company Haulage campaigns and Regional Road Group funding. Footpaths will also benefit with \$170,000 allocated for renewal and maintenance, and Tourism and Heritage activities will have \$350,000 to promote attractions in the Shire as well as the refurbishment of our Collections.

Council has also approved funding contributions of \$146,000 to our community organisations through events such as the Seniors Christmas Luncheon, Coolgardie Day, Kambalda Christmas Tree, Cultural events and Australia Day, along with other smaller community events and sponsorship.

With the expected issuing of Rates Notices this week I would urge any ratepayers that require assistance regarding understanding their rate notices and/or facing difficulties making payments this year, please contact our rates staff who will work with you to resolve any issues that arise as early as possible. Council also has a Hardship Policy in place to help those ratepayers who may be experiencing such difficulty.

Councillors Rathbone, Botting, myself and our CEO attended the WA Local Government Conference in Perth on the 3rd, 4th, and 5th of August. This is an ideal forum to network with Councillors from around the state and to take on board the experiences from the excellent presenters available over the three days. The CEO and I took the opportunity to meet with Department of Local Government officers to brief them on progress of actions on the Shire Probity Audit and the Financial Management Report, as well as meeting with Department of Mines, WA Planning and Landgate staff to discuss Land Planning and Strategies within the Shire.

The CEO and I have had a busy month meeting with representatives from various companies and organisations that are becoming active in our Shire. Some of these include:

- Meeting regarding the future of the Coolgardie State Battery site, and future mining opportunities in the area with Peter Cook, Westgold staff, Mia Hicks and Manager of Perth Mint.
- Meeting with Judumul Advisory Aboriginal Corporation (formerly CAAG ) and Mia Hicks to discuss options for office space in a Shire facility and funding opportunities for the group going forward to establish themselves in Coolgardie.

Continued P3

From P2

- Meeting with new OIC Coolgardie Police, Shannon McGowan and Regional Inspector Tony Colfer to discuss anti-social, police staffing issues and to lobby for more intensive supervision of repeat juvenile offenders who seem to be responsible for the ongoing offences that are occurring in our towns.

Local Government elections are coming up in October this year. Our Council has opted to hold in house elections this year, with our CEO James Trail being the Chief Electoral Officer. We have four vacancies on Council to be filled, with nominations opening on September 7th and closing a week later on September 14<sup>th</sup>. Any residents taking an interest in nominating for Council should contact the Shire Office in either town and book an appointment with our CEO to source information and nomination forms.

The Coolgardie Day Committee is gearing up for the 125th anniversary of the discovery of gold in Coolgardie on September 17<sup>th</sup>. For the first time in many years, the event will be held over two days with many former residents indicating they will make the journey to Coolgardie to join in the celebrations. Commencing with a cabaret and fireworks on Saturday night, to be followed by an action packed days entertainment on Sunday with the Rock Drilling returning after an absence of 21 years, State Log Choppers, dump trucks, seven major amusement rides, which are travelling to the Perth Royal Show, live band, stalls and many free events for the families. They are also expecting increased entries for the street parade for this years special event with good prizes for each category, including a dressed up Gopher Division. I wish the committee a successful day on such a milestone event.

From the desk of the CEO

Hi everyone

I hope you have all been making the most of this change of weather. There is nothing like the goldfields sun to lift everyone's spirits as well as seeing the new growth and colour in our landscape and gardens.

It has been another busy month at the Shire with lots of positive progress and feedback from our communities.

This month I attended a meeting with the GEDEC and did a presentation about the Shire of Coolgardie and our recent Service Level Reviews, the Coolgardie growth plan, the Coolgardie Post Office Complex, our water and reticulation, the Shire Waste Management, Mungari Industrial Estate, Coolgardie Future land development and the GRV Rating Strategy.

Continued P4

From P3

September is a celebrating month with both Coolgardie Day Celebrations and the 125<sup>th</sup> Birthday of Coolgardie (The Mother of the Goldfields) and we also have the opening of the Time Capsule at Kambalda that has been buried for 25 years. I know the Coolgardie Day Committee have worked really hard in organising a fun packed day for the family and I look forward to attending that, its not often I get to attend a 125 year old birthday!

Also well done to the staff and community who managed to locate the Kambalda Time Capsule, a few archeologist skills were needed to locate this hidden treasure, but it was found in the end and we look forward to seeing the reveal with our community.

The Coolgardie Skate Park is coming along nicely and we are looking forward to the first week in September when it gets installed and will take shape quite quickly.

You certainly know that summer is not too far away when the Kambalda and Coolgardie Swimming Pools have their opening day which is on 23 September 2017.

The Local Government Elections is on Saturday 21 October 2017. This year we have four vacancies for a four year term. Thank you to everyone who attended our WALGA Webinar Session at the Coolgardie and Kambalda Community Resource Centres. We have more information on page 5 of the Rambler as we are now calling for nominations. I am the Returning Officer for the 2017 Elections and I am also available to answer any questions that you may have in regards to becoming an Elected Member or Councillor.

School Holidays are approaching us and the Kambalda and Coolgardie Recreation Centres have a great range of holiday activities available for all ages.

The next Council meeting will be held at Coolgardie on Tuesday 26 September 2017 at 6.00pm. We have copies of all council agenda's and Minutes available for reading at the public libraries or they can be easily accessed on the Shire of Coolgardie website [www.coolgardie.wa.gov.au](http://www.coolgardie.wa.gov.au)

Kind regards

James Trail

## **RAC reveals top five areas WA drivers want more education**

A new RAC survey has revealed the top five areas where Western Australians want more driver education, with merging coming out as the number one area where more guidance is needed.

RAC General Manager Corporate Affairs Will Golsby said the list of top five areas where drivers need more education is a useful starting point for the State Government to direct funding from the Road Trauma Trust Account.

"The majority of respondents (76 per cent) identified merging/giving way as the area they want more driver education, with one in five (18 per cent) admitting they are unsure of how to correctly give way themselves," Mr Golsby said.

"Almost half (44 per cent) said they believe other drivers don't know how to merge properly.

"The second most nominated area was how to use roundabouts, with 62 per cent saying more guidance is needed in this area. Half of respondents (53 per cent) said other drivers don't know how to use roundabouts correctly, and one in three (34 per cent) even admitted to not knowing how to use them themselves.

"Mobile phone use behind the wheel was the third-most nominated area where more education is needed.

"Changing lanes was fourth, nominated by almost half (45 per cent) of respondents; with a further quarter saying other drivers don't know how to indicate properly.

"Speeding was the fifth most nominated area, with a third of respondents saying more driver education is required in regards to sticking to speed limits. Another 20 per cent said other drivers don't understand laws around speeding. This was particularly troubling given WA currently has the worst road fatality rate of any State, with speeding the leading cause of fatal crashes.

"What these results show us is that when it comes to understanding road rules and laws, WA drivers are not confident in the level of education provided to them and their fellow motorists.

"While this is somewhat alarming, these results provide community feedback for the State Government to invest in more driver education in the State Budget.

"The community is openly telling us there is a strong need for more education and awareness on the dangers of speeding, and this should be a priority for the Road Trauma Trust Account.

"Tackling our State's tragic road toll and the thousands of serious injuries every year is crucial, and driver education is a critical part of that.

"RAC looks forward to seeing how the State Government will direct RTTA funds in the State Budget on 7 September."

### **TOP FIVE AREAS WHERE MORE EDUCATION IS NEEDED:**

1. Giving way / merging (76 per cent)
2. Using roundabouts (62 per cent)
3. Mobile phone use while driving (59 per cent)
4. Changing lanes (45 per cent)
5. Speeding (31 per cent)

## headspace young people on mission to save Australian lives

Thursday 17 August, 2017

Two young people from **headspace** have embarked on a nation-wide mission to teach other young Australians how to save lives in a mental health crisis.

Friends Charlie Cooper, 23, and Sara Strachan, 26, have had first-hand experience with mental health challenges of their own.

Now the pair have combined their own experience with professional training to teach others how to administer mental health first aid during emergencies.

The **headspace** youth advocates started their Australian mental health first aid tour in Melbourne followed by other parts of Victoria, and have so far travelled to Perth, Alice Springs and Adelaide.

Over the next year they will cover all corners of Australia and train over 1000 young people.

Charlie Cooper said on average one in four young people will experience a mental health issue in the coming 12 months.

"In many cases that person won't know how to seek help. If the situation escalates, being properly equipped with the right mental health skills can save someone's life," he said.

Sara Strachan said the training was crucial to teach young people how to help friends, family, or members of the public.

"The training has the potential to save lives, it means we will have young people across the country with the skills and knowledge to be aware of the warning signs," she said.

The initiative has been funded by Viva Energy Australia, the largest corporate partner of **headspace**, with the training implemented by Mental Health First Aid Australia.

Viva Energy Australia CEO Scott Wyatt said that his company was proud of its partnership with **headspace** and is pleased to support this initiative.

"A number of our own employees have completed similar training and we believe it will greatly benefit the young people taking part," Mr Wyatt said.

**headspace** CEO Jason Trethowan said the training administered by the **headspace** youth advocates, was developed in Australia and is now internationally recognised.

"This mental health first aid training not only saves lives but is effective in improving mental health literacy, reducing stigma and increasing help seeking," he said.

Key areas of youth mental health first aid training include:

- how to provide mental health first aid in a crisis situation;
- signs and symptoms of common and immobilising mental health problems in young people;

From P15

- where and how to get help when a young person is developing a mental illness,
- what sort of help has been shown by research to be effective; and
- adolescent development.

"Through Viva Energy and their commitment to empowering and educating young people to be active role models in the community, this training will greatly benefit so many young people now, and into the future," Charlie said.

If you or someone you know is going through a tough time, visit [headspace.org.au](http://headspace.org.au) to find useful resources and to locate your nearest centre.

**The facts:**

- One in four young people have experienced a mental health issue in the past 12 months – a higher prevalence than all other age group;
- Suicide is the leading cause of death of young people, accounting for one third of all deaths;
- Research shows that 75 per cent of mental health issues emerge before the age of 25.
- By treating these issues early and providing a holistic model of support, the risk of them developing into more serious problems is greatly decreased.

## The Pastor's Pen with Bill Kirkland

The apostle Paul wrote that the message of the cross or the gospel message is foolishness to those who are perishing. The message itself is offensive to many. Why would this meek and mild Jesus that we sing about at Christmas be offensive to anyone?

Simply put the message of the cross is offensive because it declares that the only way of forgiveness and restoration to God is through the man Jesus Christ being crucified. If we could be saved by better education, a higher IQ, by giving to the poor or by New Year's resolutions then Christ did not need to go through the agony He did for us to receive a new nature and eternal life. Acceptance of Jesus' substitutionary death in our place can only bring us to our knees. It is both offensive and humbling to discover that our only goodness comes from God.

The message is also foolishness to those who are perishing because they can't believe that a man could be raised from the dead. If Jesus had stayed in the grave it would have proven that He was born with a sinful nature just like the rest of us (as the Bible says). Having been found sinless He arose from the grave and appeared to many people. This event appears to have affected the world more than any other event in history. The resurrection turned sinners into saints, cowards into heroes, thieves into givers, and religious hypocrites into humble servants. This absurd message is still doing the same today.

### **Mosaic Pathways Project fails to meet its objective**

The aim of this project was to launch it on the 50th celebration of the opening of the Nickel Mines on 15th September this year.

To date we have only 5 designs with no completed slabs. They will not be presented. However, this project has too much potential to be abandoned, so it will continue as a core activity at the Kambalda Arts Centre.

An area has been assigned for anyone who would like to contribute to this worthy Community Art Project.

All is not lost with making this project a celebration as this year is the 120th since the naming of Kambalda, being gazetted on 10th December 1897.

Our program is supported by our regional partners, the Shire of Coolgardie, Independence Group and Kambalda Boulevard.

***by John Scott***

### **Macramé Workshop Success on 12th August**

There were seven people enjoying learning the knots used in macramé and they proceeded to make a wall hanger inside the Kambalda Arts Centre Gallery section.

Local Artist Jay Stafford facilitated the successful workshop and it was her first. There will be a follow on upcycling basket weaving workshop to follow.

### **Historical collection appreciated**

We are in receipt of a box of donated historical publications of Kambalda and other regional towns by Mrs Billie Ingham. This represents a large amount of research to obtain copies of newspaper clippings, extracts from James Balzono's diary and the interpretive personal notes and writings by Billie herself.

Her passion for the pioneers and their search for gold, the hard difficult days have been recorded, deaths, letters and not forgetting the modern era that she is a part of.

Thank you for this kind donation and trust.

### **Rescue of old WMC Directional Signage**

Thank you to the Shire of Coolgardie for allowing us to remove the old sign that stood along Goldfields Highway on the Kalgoorlie road, near the BP Service Station. Now we have the task of restoring it as it is very deteriorated. This sign directed visitors to WMC mine areas and main office.

And thanks to Stefan Karafilis for helping us remove it, see below.

Our program is supported by our regional partners, the Shire of Coolgardie, Independence Group and Kambalda Boulevard.

## Gutter cleaning

Ensure your gutters are ready for the downpour this winter by getting them cleaned out now, call us to get an estimate and book yours in.

Blocked gutters can lead to:

- Water leaks that damage walls and sag ceilings
- Rising damp and mould
- Pooling water can break down concrete and driveways
- Rotting wood fascias
- Insects living in debris and pooled water
- Cracks in foundations and damaged brickwork

## Heating

Keep your family warm with our range of heating options  
**Need a new heater installed?** Call us now to find out your options.

**Already have a heater installed?** A simple service and clean could get it working like new and prolong it's life.

## Have an evaporative airconditioner?

A winter shutdown is a great way to save money by:

- Prolonging the life of your unit and its parts
- Reducing heat loss from your home
- Reducing the chance of split pipes caused by freezing in winter

**Call us now to book yours in!**

## Shire of Coolgardie

Kambalda Community Resource Centre

It has been a busy month at the Kambalda Community Resource Centre and we did not let any cold weather slow us down.

Children's Book Week – Each year across Australia schools, libraries, CRC's, authors, illustrators and children celebrate Australian Children's literature.

On Thursday 24 August Kambalda CRC hosted local author Sara Whincup who spoke to us about her illustration book that she wrote called 'The St John's Cross Spider'. Sara shared her inspiring true story about living in the Rainforest Far North Queensland.

Sara had her audience – One Tree Daycare, Little Monkey's Home Daycare, Happy Home Daycare and storytime families, captured and for some perhaps lessen our fear of spiders. The younger audience just didn't want it to end.

Kambalda Public Library has Sara's book available for lending so feel free to come on down and borrow this amazing book.

Thank you Sara Whincup, Mikaela Monaghan (librarian) and Marita Aslin (Storytime Volunteer) for helping make Children's Book Week at Kambalda another big success.

Community Directory – The newly updated Community Directory is now available on request at the Kambalda and Coolgardie Community Resource Centres or otherwise you can view the Community Directory on the Shire of Coolgardie website: [www.coolgardie.wa.gov.au](http://www.coolgardie.wa.gov.au)

On 24 August 2017 the Kambalda CRC in conjunction with Business Local brought the Google My Business workshop brekky to Kambalda.

The morning started with a networking session then on to the workshop which was very informative about the pro's of setting your business up with Google My Business.

We wish to encourage as many local businesses to come along to these workshops/ networking as you will leave with so much rewarding information and Lee is always happy to follow up with any questions you may have from the workshop.

Google My Business Networking & Workshop

Thanks Lee we look forward to the next workshop in October.

### Children's Book Week 2017

The 2017 theme for Children's Book Week was "Escape to Everywhere" and this year the Coolgardie CRC hosted Catrina-Luz Aniere and the Coolgardie Millennium Kids with their amazing "Kids on Country" book. The book was beautifully illustrated and written by the children while out exploring the flora and fauna in our spectacular goldfields. The CRC hosted an evening session on Monday 21 August where the community had the opportunity to meet the Coolgardie Millennium Kids, watch a film made by them as well as learn about the Mallee Fowl and their huge nests, which some attendees in the room had never seen before.

The next day there was a morning tea and author talk and Catrina also visited CAPS and Coolgardie Primary school. It was a very inspiring and motivating two days with Catrina and we look forward to working closely with the Millennium Kids for future involvement and projects.

### Craft and Centrecare Mornings at the CRC

Our Tuesday and Wednesday mornings at the CRC have been going really well, with lots of new craft ideas happening, we are all stepping out of our comfort zones and trying new things.

We loving doing our recycled projects and this month we have seen flowers made from plastic rubbish bags, handbags made from jeans and recycled pants and of course the poppies from the drinking bottles. Thank you to Alison from Centrecare who has guided the group with these new ideas, every Wednesday.

We also had a visit from a local artist on Wednesday who inspired and taught our group a new skill and we look forward to sharing that with everyone next month.

If you would like further information on upcoming activities, please contact Leanne on 9025 0309 or email: [coolcrc@coolgardie.wa.gov.au](mailto:coolcrc@coolgardie.wa.gov.au)
