Introduction

The Council of the Shire of Coolgardie has determined to develop Council Policies and the CEO to develop CEO Management Policies and Procedures to guide its direction and operations and their implementation.

This accords with the provisions of s2.7(2)(b) Local Government Act 1995 - s2.7. Role of council:

- (1) The council —
 - (a) governs the local government's affairs; and
 - (b) is responsible for the performance of the local government's functions.
- (2) Without limiting subsection (1), the council is to —
 - (a) oversee the allocation of the local government's finances and resources; and
 - (b) determine the local government's policies.

In addition, the Local Government Act 1995 and other Acts require, or contemplate, the development of Policies.

Policies that must be adopted by Council under various Acts include:

Local Government Act

- s5.50 Payments to employees in addition to contract or award (can be delegated to CEO under s5.42)
- s5.90A – attendance at events by Council Members and CEO
- s5.103 - Code of Conduct
- s5.127 – Professional Development of Council Members
- A procurement policy under regulation 11A of the Local Government (Functions and General) Regulations 1996

State Records Act, Freedom of Information Act 1992

- Record Keeping

In addition, Council makes policies under the Local Planning Scheme.

Council Policies are high level decisions intended to guide the decision-making processes of the Council, as the local government, and the CEO as the employer of all Shire employees, in implementing decisions of the Council, or under delegated authority (from various Acts). These Policies reflect current practices and procedures for the Shire to ensure compliance with relevant legislative and administrative requirements.

Many of the Council and Management Policies have been developed to support delegations and sub delegations contained within the Register of Delegations. Within the Register of Delegations, each instrument of delegation or sub delegation provides a link to the relevant Council or Management Policy, which serve to guide implementation.

In many cases there will also be detailed operational instructions in place to complement Policies. These may include CEO instructions and procedures, machinery operational instructions etc but

such matters are entirely administrative and procedural.

The CEO is responsible for the development and implementation of Management Policies, but this Policy Manual contains both Council and Management Policies for completeness of the record and to ensure transparency for Shire residents and ratepayers.

Management Policies cannot be amended by Council. Council Policy is over-ridden by:

- Commonwealth and State legislation and regulations,
- the Local Planning Scheme,
- Local Laws,
- Council resolutions,
- Decisions made under delegated authority (although all such decisions should comply with Council Policy).

Council Policy overrides:

- Management Policy,
- Local Government Guidelines – although these are not decisions of Council, close observance is strongly recommended,
- Operational/Administrative directions/instructions.

Council Policy is not binding on the Council, but is binding on employees, unless discretion is stated. Council Policy is to be considered as Council's standing or permanent instructions.

Policy is not required to be based in legislation but can be a stand-alone instruction of Council or the CEO. However, it cannot be inconsistent with legislation.

The Council and CEO will each review all relevant Policies on an annual basis, but when necessity requires a review to address circumstances this may also occur.

1. Council Policies – Legislative

Policy Number 1.01 Council Policy Management

Legislative Reference: s.2.7 Local Government Act 1995

Relates to: Delegation Sub Delegation NA

Policy Objective: To enable the documentation and maintenance of a record of policies adopted by Council and outline processes to be followed for their drafting and implementation.

Policy Scope: This policy details the process to follow for the setting of Council policy.

Policy Statement: s.2.7 of the Local Government Act 1995 prescribes part of the role of a Council is to “determine the local governments policies”

Definition

The Act does not define the term “policy” and hence, for the purpose of this manual, it means:

A general rule, adopted by Council, which provides a key influence in the Shire’s decision making, rendering direction for the day-to-day management of the subject functions within the Shire’s operations.

Policies will provide for the more efficient and effective use of the Shire’s resources and enable the Shire to make decisions based on the principles of equity, fairness, natural justice, transparency of decision making and good government as well as meeting statutory requirements.

Objectives of the Shire’s Policies

- To provide the Shire with a record of policy decisions.
- To provide employees with guidelines in which to act in accordance with Council’s direction.
- To enable employees to act promptly in accordance with Council’s requirements, but without continual reference to Council.
- To enable Council Members to adequately handle enquiries from electors without undue reference to the employees or the Council.
- To enable the Shire to maintain a structured review of Council Policies and to ensure they are in keeping with statutory requirements, community needs, current trends, and circumstances.
- To enable the Community to obtain immediate advice on matters of Council Policy.

Policy Development

A Policy response will be considered where there is either complexity or lack of clarity in one or a combination of any of the following circumstances:

- Legislative requirement,
- Industry standards,

- Organisational standards,
- Strategic objective; or
- Community needs or expectation.

A Policy response will only be proposed where it can be demonstrated that the policy will deliver:

- Clarity and consistency in decision making,
- Improved efficiency and effectiveness; or
- Improved customer / community outcomes.

Where it is identified that for purposes of effectiveness, efficiency or clarity in decision making, a new policy or policy amendment may be required, it may be initiated by either:

- A Council resolution; or
- An officer report to Council.

Where Council has resolved that a policy is required to be developed, the Chief Executive Officer is to cause a Council report to be prepared that considers the range of influences on the proposed policy and includes a draft policy. Policy needs which are identified through the Shire's operations will similarly be provided to Council in a comprehensive report.

Requirements for Proposed New Policies and Major Amendment to Existing Policies

Where a new policy or substantial review of an existing policy is commenced, the following key elements will be researched and considered:

- Statutory compliance obligations,
- Industry standards, codes of practice, guidelines,
- Risk implications,
- Customer / community needs and expectations,
- Whether it effectively integrates in the Shire's operations,
- External stakeholder consultation, where determined appropriate in accordance with the Shire's Community Consultation Manual,
- Internal stakeholder consultation (including relevant senior employees and Council Members),
- Potential resource and budget implications

When the draft new policy or major amendment to existing policy has been prepared it is to be circulated to Council Members and senior employees seeking feedback over a minimum period of 21 days prior to inclusion in the Ordinary Council Meeting Agenda. Where feedback identifies improvements, these will be incorporated into the final draft presented for Council's consideration and detailed within the report to Council.

Minor Amendments to Existing Policies

Where a proposed policy amendment is considered minor and does not impact on the Substantive operation of the existing policy, then the requirements outlined in this policy do not apply and the amendment can be provided direct to Council via a report.

Policy Manual Review

Each Policy adopted is to be assessed using the following risk considerations:

- Implications of statutory requirements,
- Implications for operational effectiveness and efficiency,
- Potential for negative impact on:
 - operational activity
 - strategic objectives
 - environmental / economic factors
 - reputation
- Complex procedures or technical information; or
- Change is likely to occur

All Council policies will be reviewed at least every 2 years:

This does not, however, limit the review of individual policies during the year if identified as requiring amendment prior to the annual review date.

Amendment to and revocation of, policies shall be done in accordance with Regulation 10 of the Local Government (Administration) Regulations 1996, with all decisions to be carried by an Absolute Majority of Council.

anonymous complaints cannot be accepted.

Where a Complaint Form omits required details, the Behaviour Complaints Officer will invite the Complainant to provide this information for the Complaint to be progressed.

Where a Complaint is made more than 1 month after the alleged breach, the Behaviour Complaints Officer will give the Complainant written notice that the Complaint cannot be made [clause 11(2)(c) of the Code of Conduct].

The Behaviour Complaints Officer may provide any Complaint to the Investigator in accordance with the following clause.

- must contact the complainant acknowledging that the Complaint has been received,
- as part of the acknowledgment process, must provide the complainant with a copy of the Shire's Complaints Policy,
- must provide the Council or Committee Member to whom the Complaint relates with a copy of the Complaints Policy and a copy of the Complaint (including the name of the complainant); and
- may send to the Investigator, the Complaint together with details of the alleged breach and any supporting evidence provided by the complainant, where the Behaviour Complaints Officer deems it appropriate to do so.

Complaints will normally be dealt with in the order in which they are received. If more than one Complaint is received that relates to the same alleged behaviour, the Behaviour Complaints Officer may decide to progress those Complaints concurrently.

Candidate Complaints

A Complaint in relation to a Candidate must be made in accordance with 3.1, above, but cannot be dealt with unless the Candidate is subsequently declared elected as a Council Member.

No action will be taken until the results of the election are declared by the Returning Officer. If the respondent is elected, then the complaint will be dealt with in accordance with this Policy.

Timeframes that would otherwise commence on the receipt of a Complaint will be taken to commence on the election date.

To commence the process, the Behaviour Complaints Officer will, as the first course of action upon receiving a complaint, offer the Complainant and the Respondent the option of Alternative Dispute Resolution.

If both parties agree to participate in Alternative Dispute Resolution, the Behaviour Complaints Officer will pause the formal process.

The objective of Alternative Dispute Resolution will be to reach an agreed resolution that satisfies the Complainant that the formal process is no longer required, allowing them to withdraw the Complaint, in accordance with this Policy.

If Alternative Dispute Resolution is commenced, both the Complainant and Respondent may decline to proceed with the process at any time.

The process may also be terminated on the advice of a third party who is helping the Local Government, such as a facilitator or mediator.

This may involve first considering whether the behaviour occurred, on the balance of probabilities, and then whether that behaviour constituted a breach of a requirement of Division 3 of the Code of Conduct.

The council must not make a finding that a behaviour breach has occurred without first having given the person to whom the Complaint relates a reasonable opportunity to be heard.

A finding that the alleged behaviour breach has occurred must be based on evidence from which it may be concluded that it is more likely that the breach occurred than that it did not occur.

Council Members, Local Government employees and contractors who have a role in handling a specific complaint will be provided with sufficient information to fulfil their role.

They must manage this information securely and must not disclose or inappropriately use this information.

Complainants will be advised of the level of confidentiality they can expect, and that breaches of confidentiality on their part may prejudice the progress of their Complaint.

The Behaviour Complaints Officer must provide a report advising Council of any failure to comply with a requirement included in a Plan.

Complaints that are inappropriate under this Policy

A breach of the Rules of Conduct (as per Division 4 of the Code of Conduct) is a minor breach under s5.105(1) of the LG Act and is not the intended subject of this Policy.

Policy Scope:

This Policy applies to all purchases made under proper authority on behalf of the Shire of Coolgardie.

Policy Statement:

The purchasing or procurement of goods and services by or on behalf of the Shire shall be conducted in accordance with the following principles, wherever possible, and practicable to do so:

- Principle 1 – Socially Sustainable Procurement - Aboriginal Business and Australian Disability Enterprises,
- Principle 2 – Sustainable Procurement,
- Principle 3 – Act fairly,
- Principle 4 – Value for money; and
- Principle 5 – Local economic benefit.

1. Value for money

Value for Money is a key concept that guides all purchasing and procurement decision making.

Value for money is an overarching principle governing the procurement of goods and services and underpins the Shire's purchasing activities.

Value for money is the achievement of the best possible outcomes for the total cost of ownership (or whole of life cost), it does not necessarily mean selecting the lowest price response.

Value for Money is determined when the consideration of price, risk and quantitate factors that are assessed to determine the most advantageous outcome to be achieved for the Shire of Coolgardie.

Procurement decisions will be made with greater consideration than obtaining the lowest price, with consideration given to incorporate qualitative and risk factors into the decision.

1.1 Assessing Value for Money

Value for money assessment will consider:

- (a) All relevant Total Costs of Ownership (TCO) and benefits including transaction costs associated with acquisition, delivery, distribution, and other costs such as, but not limited to holding costs, consumables, deployment, training, maintenance, and disposal,
- (b) The technical merits of the goods or services being offered in terms of compliance with specifications, contractual terms and conditions and any relevant methods of assuring quality.

This includes but is not limited to an assessment of compliances, the supplier's resource availability, capacity, and capability, value-adds offered, warranties, guarantees, repair and replacement policies and response times, ease of inspection and maintenance, ease of after sales service, ease of communications, etc.,

(c) The supplier's financial viability and capacity to supply without the risk of default, including the competency of the prospective suppliers in terms of managerial and technical capabilities and compliance history,

(d) A strong element of competition by obtaining enough competitive quotations consistent with this Policy, where practicable,

(e) The safety requirements and standards associated with both the product design and the specification offered by suppliers and the evaluation of risk arising from the supply, operation, and maintenance,

(f) The environmental, economic, and social benefits arising from the goods, services or works required, including consideration of these benefits regarding the supplier's operations, in accordance with this Policy and any other relevant Shire Policies, including, and,

(g) Analysis and management of risks and opportunities that may be associated with the purchasing activity, potential supplier/s and the goods or services required.

2. Purchasing Thresholds and Practices

Unless by Council resolution, or by requirement of legislation, the following minimum guidelines for inviting quotes prior to the procurement of any goods or services will be adhered to by all employees.

2.1 Defining the Purchasing Value

The Shire will apply reasonable and consistent methodologies to assess and determine Purchasing Values, which ensure:

(a) The appropriate purchasing threshold and practice is applied in all purchasing activities and,

(b) Wherever possible, purchasing activity for the same category of supply is aggregated into single contract arrangements to achieve the best value and efficiency in future purchasing activities where the requirements can be provided by a single supplier.

A category of supply can be defined as groupings of similar goods or services with common supply and demand drivers; market characteristics; or suppliers.

2.2 Strategic Purchasing Value Assessments

The Shire will periodically review recent past purchasing activity across its operations to identify categories of supply for which the Shire will have continuing need, and which can be aggregated into single contract arrangements to achieve best value for money and efficiency in future purchasing activity.

The assessment of aggregated expenditure for the same category of supply capable of being supplied by a single supplier will determine the Purchasing Value threshold applicable to future purchasing activity.

2.3 Individual Purchasing Value Assessments

In any case, where there is no relevant current contract, each purchasing activity is to assess the Purchasing Value based upon the following considerations:

- (a) Exclusive of Goods and Services Tax (GST); and
- (b) The estimated total expenditure for the proposed supply including the value of all contract extension options and where applicable, the total cost of ownership considerations.
- (c) The appropriate length of a contract is to be determined based on market volatility, ongoing nature of supply, historical purchasing evidence and estimated future purchasing requirements.
- (d) Requirements must not be split to avoid purchasing or tendering thresholds [F&G Reg.12].

The calculated estimated Purchasing Value will determine the applicable threshold and purchasing practice to be undertaken.

2.4 Table of Purchasing Thresholds and Practices

2.4.1 Supplier Order of Priority

The Shire will consider and apply, where applicable, the following Supplier Order of Priority:

Priority 1	<p><u>Existing Prequalified Supplier Panel or another Contract</u></p> <p>Current contracts, including a Panel of Prequalified Suppliers or contracted supplier, must be used where the Shire's supply requirements can be met through the existing contract.</p> <p>If the Shire does not have a current contract relevant to the required supply, then a relevant WALGA PSA is to be used.</p>
Priority 2	<p><u>Local Suppliers</u></p> <p>Where the Purchasing Value does not exceed the tender threshold and a relevant local supplier can provide the required supply, the Shire will ensure that wherever possible quotations are obtained from local suppliers permanently located within the District as a priority, and those permanently located within surrounding Districts as the second priority.</p> <p>If no relevant local supplier is available, then a relevant WALGA PSA may be used.</p>
Priority 3	<p><u>Tender Exempt - WALGA Preferred Supplier Arrangement (PSA)</u></p> <p>Use a relevant WALGA PSA regardless of whether the Purchasing Value will exceed the tender threshold.</p> <p>However, if a relevant PSA exists but an alternative supplier is considered to provide best value, then the CEO, or an officer authorised by the CEO, must approve the alternative supplier. Reasons for not using a PSA may include:</p> <ul style="list-style-type: none"> i. Local supplier availability (that are not within the PSA); or, ii. Social procurement – preference to use Aboriginal business or Disability Enterprise. <p>If no relevant WALGA PSA is available, then a relevant State Government CUA may be used.</p>
Priority 4	<p><u>Tender Exempt - WA State Government Common Use Arrangement (CUA)</u></p>

	<p>Use a relevant CUA regardless of whether the Purchasing Value will exceed the tender threshold.</p> <p>However, if a relevant CUA exists, but an alternative supplier is considered to provide best value for money, then the proposed alternative supplier must be approved by the CEO, or an officer authorised by the CEO.</p> <p>If no relevant CUA is available, then a Tender Exempt [F&G Reg.11(2)] arrangement may be used.</p>
Priority 5	<p><u>Other Tender Exempt arrangement [F&G Reg. 11(2)]</u></p> <p>Regardless of whether the Purchasing Value will exceed the tender threshold, the Shire will investigate and seek quotations from tender exempt suppliers and will specifically ensure that wherever possible quotations are obtained from a WA Disability Enterprise and / or an Aboriginal Owned Business that can provide the required supply.</p>
Priority 6	<p><u>Other Suppliers</u></p> <p>Where there is no relevant existing contract or tender exempt arrangement available, purchasing activity from any other supplier is to be in accordance with relevant Purchasing Value Threshold and Purchasing Practice specified in the table below</p>

2.4.3 Other Purchasing Exemptions

In addition to the regulatory Tender exemptions for purchasing as set out in Regulation 11(2) of the of the Functions and General Regulations, the following are further exemptions where the Shire is not required to undertake a competitive purchasing process:

- (a) Advance / Prior Payment of Services (for example: accommodation, travel services, entertainment, conferences, seminars, training courses): (b) Annual Memberships / Subscriptions,

2.4.4 Inviting Tenders Though Not Required to do so.

The Shire may determine to invite Public Tenders, despite the estimated Purchase Value being less than the \$250,000 prescribed tender threshold, but only where an assessment determines that the purchasing requirement cannot be met through a tender exempt arrangement and the use of a public tender process will enhance value for money, efficiency, risk mitigation and sustainable procurement benefits. In such cases, the tender process must comply with the legislative requirements and the Shire's tendering procedures [F&G Reg.13].

2.4.5 Expressions of Interest

Expressions of Interest (EOI) will be considered as a prerequisite to a tender process [F&G Reg.21] where the required supply evidence one or more of the following criteria:

- (a) Unable to sufficiently scope or specify the requirement,
- (b) There is significant variability for how the requirement may be met,
- (c) There is potential for suppliers to offer unique solutions and / or multiple options for how the purchasing requirement may be obtained, specified, created or delivered,
- (d) Subject to a creative element; or
- (e) Provides a procurement methodology that allows for the assessment of a significant number of potential tenderers leading to a shortlisting process based on non-price assessment. All EOI processes will be based upon qualitative and other non-price information only.

2.4.6 Unique Nature of Supply (Sole Supplier)

An arrangement with a supplier based on the unique nature of the goods or services required or for any other reason, where it is unlikely that there is more than one potential supplier may only be approved where the:

- (a) purchasing value is estimated to be over \$5,000; and
- (b) purchasing requirement has been documented in a detailed specification; and
- (c) specification has been extensively market tested and only one potential supplier has been identified as being capable of meeting the specified purchase requirement; and
- (d) market testing process and outcomes of supplier assessments have been evidenced in records, inclusive of a rationale for why the supply is determined as unique and why quotations / tenders cannot be sourced through more than one potential supplier.

An arrangement of this nature will only be approved for a period not exceeding three (3) years. For any continuing purchasing requirement, the approval must be re-assessed before expiry, to evidence that only one potential supplier still genuinely exists.

2.4.7 Anti-Avoidance

The Shire will not conduct multiple purchasing activities with the intent (inadvertent or otherwise) of "splitting" the purchase value or the contract value, so that the effect is to avoid a particular purchasing threshold or the need to call a Public Tender.

This includes the creation of two or more contracts or creating multiple purchase order transactions

of a similar nature.

2.4.8 Contract Renewals, Extensions and Variations

Where a contract has been entered into as the result of a publicly invited tender process, then Functions and General Regulation 21A applies.

For any other contract, the contract must not be varied unless:

- (a) The variation is necessary for the goods or services to be supplied and does not change the scope of the contract; or
- (b) The variation is a renewal or extension of the term of the contract where the extension or renewal options were included in the original contract.

Upon expiry of the original contract, and after any options for renewal or extension included in the original contract have been exercised, the Shire is required to review the purchasing requirements and commence a new competitive purchasing process in accordance with this Policy.

Pursuant to Delegation 1.2.17 the CEO has delegated:

“6. Authority to determine whether variations in goods and services required are minor variations, and to negotiate with the successful tenderer to make minor variations before entering into a contract [F&G r.20(1) and (3)].

7. Authority to choose the next most advantageous tender to accept, if the chosen tenderer is unable or unwilling to form a contract to supply the varied requirement OR the minor variation cannot be agreed with the successful tenderer, so that the tenderer ceases to be the chosen tenderer [F&G r.20(2)].

8. Authority to vary a tendered contract, after it has been entered into, provided the variation/s are necessary for the goods and services to be supplied, and do not change the scope of the original contract or increase the contract value beyond 10% or to a maximum of \$40,000 whichever is the lesser value [F&G r.21A(a)].

9. Authority to exercise a contract extension option that was included in the original tender specification and contract in accordance with r.11(2)(j).”

These delegations are subject to conditions including:

“d. A decision to vary a tendered contract before entry into the contract [F&G r.20(1) and (3)] must include evidence that the variation is minor in comparison to the total goods or services that tenderers were invited to supply.

e. A decision to vary a tendered contract after entry into the contract [F&G r.21A(a)] must include evidence that the variation is necessary and does not change the scope of the contract.

f. A decision to renew or extend the contract must only occur where the original contract contained the option to renew or extend its term as per r.11(2)(j) and that the contractor’s performance has been reviewed and the review evidences the rationale for entering into the extended term.

g. Contract variations under r20 and 21A of Local Government (Functions and General) Regulations 1996 are subject to:

- prior budget provision having been made, or
- being to give effect to a Council decision to accept a variation of a contract entered into, or
- the intentions and purposes of the contract are not substantially altered,
- an assessment, in writing, of the reasons for the variation, as determined by the CEO, either generally or specifically in relation to a contract
- consideration is given to the cumulative impact of variations, to ensure that the scope of the original contract is not significantly altered, and that a separate procurement process is not required, and where the effect on the total contract is –
- a reduction or
- the cumulative value remains below the tender threshold or
- likely increase in cost to a cumulative total of \$40,000 ex GST or 10% whichever is the greater, where the adjusted total contract payment remains within Budget provision: or
- is a reasonable and unforeseen increase in duration of the contract.

Contract extensions under r20 and 21A of Local Government (Functions and General) Regulations 1996 are subject to:

- *prior budget provision having been made, or*
- *being to give effect to a Council decision to extend a contract entered into, or*
- *the intentions and purposes of the contract are not substantially altered, and*
- *the original contract including provisions which permit an extension,*
- *an assessment, in writing, of the merits of extending the contract, as determined by the CEO, either generally or specifically in relation to a contract,*
- *any extension taking effect prior to the expiration of the original contract,*
- *written evidence that the terms of the contract extension have been mutually agreed by the Shire and the contractor.”*

This Policy confirms those delegations and conditions attached to the delegations, to the CEO, and other employees sub delegated by the CEO.

Where a contract variation is required, the contract can only be varied if it is necessary for the goods/services to be supplied and does not change the scope of the contract.

When considering contract, any variation must also be identified as not to have affected the outcome of the initial procurement process in the view of both a reasonably skilled and experienced person having relevant expertise in the specific industry or type of work and the Procurement and Contracts team.

For all contract variations, a formal variation agreement must be completed by an employee with authority to do so.

This agreement must be signed by a person with appropriate delegation and authorisation.

3. Purchasing Policy Non-Compliance

The Purchasing Policy is mandated under the Local Government Act 1995 and Regulation 11A of the Local Government (Functions and General) Regulations 1996 and therefore the policy forms part of the legislative framework in which the Local Government is required to conduct business.

Where legislative or policy compliance is not reasonably able to be achieved, records must evidence the rationale and decision-making processes that substantiate the non-compliance.

Purchasing activities are subject to internal and external financial and performance audits, which examine compliance with legislative requirements and the Shire's policies and procedures.

If non-compliance with legislation, this Purchasing Policy, or the Code of Conduct for Employees, is identified it must be reported to the Chief Executive Officer.

A failure to comply with legislation or policy requirements, including compliance with the Code of Conduct when undertaking purchasing activities, may be subject to investigation, with findings to be considered in context of the responsible person's training, experience, seniority, and reasonable expectations for performance of their role.

Where a breach is substantiated, it may be treated as:

- (a) an opportunity for additional training to be provided,
- (b) a disciplinary matter, which may or may not be subject to reporting requirements under Public Sector Management Act 1994; or
- (c) where the breach is also identified as potentially serious misconduct, the matter will be reported in accordance with the Corruption, Crime and Misconduct Act 2003.

4. Record Keeping

All Local Government purchasing activity, communications and transactions must be evidenced and retained as local government records in accordance with the State Records Act 2000 and the Shire's Record Keeping Plan.

All records and documents associated with the tender, quotation or panel process must be recorded and retained as defined within the State Records Act 2000 and the Shire's Records Management Policy.

This includes:

- Tender, quotation, and panel documentation
- Internal documentation
- Evaluation documentation
- Enquiry and response documentation
- Approval and award documentation
- Order forms and requisitions.

In addition, the Shire must consider and will include in each contract for the provision of works or services, the contractor's obligations for creating, maintaining and where necessary the transferal of

records to the Shire relevant to the performance of the contract.

5. Authorising Officer

An Authorising Officer is a Shire of Coolgardie employee who is registered in the Authorisations Register as authorised to incur expenditure and claims for payment, within a set monetary limit.

6. Purchase Orders

The Shire of Coolgardie requires a purchase order to be raised and issued prior to the service or product being supplied. The authorising officer will ensure items purchased are made within budget parameters.

Policy Objective:

The purpose of this policy is to maximise the use of competitive locally based businesses in the provision of goods or services purchased or contracted by the Shire of Coolgardie.

Policy Scope:

The scope of this policy is to obtain value in the purchase of goods and services whilst providing an opportunity for locally based businesses to be competitive in the process.

Policy Statement:

To promote sub-regional development and encourage the use of local suppliers and / or materials, the Shire of Coolgardie will provide a price preference to regional suppliers (located within the stipulated areas) when evaluating and awarding contracts via the Tendering Process. Note that this policy does not apply to quotations.

Any price preference provided will comply with Part 4A of the Local Government (Functions and General) Regulations 1996 as amended.

Policy Details

Price preference will be given to all regional suppliers claiming Regional Price Preference when they submit a conforming tender for the supply of goods and services (including construction (building) services) to the Shire of Coolgardie, unless Council resolves that this policy does not apply to a particular tender, or the CEO or another employee holding delegated authority to determine tenders decides that this Policy does not apply to a particular tender.

A regional supplier is a supplier of goods and services (including construction (building) services) that have been operating a business continuously out of premises in the stipulated area for at least 6 months before the tender deadline (closing time of tender) or some or all the good or services are to be supplied from regional sources (i.e., from within the stipulated area).

Only those goods or services identified in the tender as being from regional sources may be included in the discounted calculations that form a part of the assessments of a tender when a regional price preference policy is in operation.

A tenderer must claim the component (the parts that are supplied from the stipulated area) of their tender that Regional Price Preference is to be applied to.

Stipulated Area means:

- for the purposes of the 10% discount on goods and services - the district of the Shire of Coolgardie.
- for the purposes of the 5% discount on goods and services - the districts of the Shire of Ravensthorpe, Shire of Esperance, Shire of Dundas, City of Kalgoorlie Boulder, Shire of Menzies, Shire of Leonora, Shire of Laverton and Shire of Ngaanyatjaraku.

- for the purposes of the 10% discount on Goods & Services (including Construction (Building) Services), where those goods or services having been, until then, undertaken by the local government – the district of the Shire of Coolgardie.
- for the purposes of the 5% discount on Goods & Services (including Construction (Building) Services), where those goods or services having been, until then, undertaken by the local government – the districts of the Shire of Ravensthorpe, Shire of Esperance, Shire of Dundas, City of Kalgoorlie Boulder, Shire of Menzies, Shire of Leonora, Shire of Laverton and Shire of Ngaanyatjaraku.

Regional Price Preference involves assessing the tender as if the tender price were discounted in accordance with the following:

- Goods & Services
 - ✓ 10% discount on the value of supplies up to a maximum discount of \$50,000 (inc GST) where the regional supplier is located within the stipulated area of the district of the Shire of Coolgardie.

Ravensthorpe, Shire of Esperance, Shire of Dundas, City of Kalgoorlie Boulder, Shire of Menzies, Shire of Leonora, Shire of Laverton and Shire of Ngaanyatjaraku.

It must be noted that price is only one of the factors to be assessed when the local government decides which tender to accept, and the cheapest or any tender will not necessarily be accepted. Other factors to be considered (but not necessarily limited to) include due diligence, quality of the product, terms of supply including after sales service, freight costs, urgency factors and budget provision.

Policy Number 1.12 Legal Representation Costs Indemnification

Legislative Reference: NA but Local Government Operational Guidelines No. 14 – Legal Representation for Council Members and Employees – Department of Local Government 2006

Relates to: Delegation NA Sub Delegation NA_

Policy Objective:

This policy establishes the guidelines for determining when it is appropriate for the Shire to pay legal representation costs to protect the interests of Council Members and employees who become subject to legal proceedings through their performance of official functions in good faith.

Policy Scope:

s9.56 of the Local Government Act 1995 (the Act) provides protection from actions of tort for anything a Council member or employee has, in good faith, done in the performance of a function under the Act or any other written law.

s3.1 of the Act, provides that the general function of a Local Government is to provide for the good government of the district. s6.7(2) provides that money held in the Municipal Fund may be applied towards the performance of the functions of the Local Government.

Therefore, the Shire's approval to pay legal representation costs incurred by an individual Council member or employee will rely on the determination that it is reasonably concluded that the expenditure provides for the good governance of the district.

This policy does not apply to legal advice and representation that is obtained by the Shire in the normal course of fulfilling the functions and exercising the powers of a Local Government.

Policy Statement:

Legal Representation - Costs that may be approved.

If the criteria in this policy are satisfied, the Shire may approve the payment of legal representation costs:

Policy Number 1.14 Execution of Documents

Legislative Reference: Local Government Act 1995 s9.49(A)

Relates to: Delegation NA Sub Delegation NA

Policy Objective:

To provide guidance on the appropriate method of execution for the Shire's documents.

Policy Scope:

This policy ensures that the Shire's common seal is utilised, and documents executed in accordance with the provisions of s9.49A Local Government Act 1995 (the Act) whereby a document is duly executed by a local government if the common seal is affixed to it, or it is signed by an officer authorised by the Council to do so.

Policy Statement:

This policy applies to all Shire of Coolgardie employees who have been authorised through the provisions of this policy to execute documents on behalf of Council.

Executing documents using the common seal or by signing a document does not constitute the decision to undertake a course of action. A Council resolution or a decision under delegated authority is required prior to executing documents pertaining thereto.

If the Chief Executive Officer has authorised a senior employee to witness the affixation of the seal to a document or a class of documents, that authorisation is detailed in the Chief Executive Officer's Delegated Authority Register.

In the case of:

- Legislation,
- The formal requirements of a Commonwealth or State department, authority, or agency (as described in a policy or procedure, etc.); or
- A Council decision.

Expressly specifying a way in which a document is to be executed, that course of action is to take precedence over this policy.

Should ambiguity arise over what category might apply to a document i.e., two categories may have relevance to a document, then the higher category is to take precedence unless the decision has been made under delegated authority in which case it is a Category 2 document and can be executed by the officer exercising the delegated authority.

Procedure

- Where possible, documents requiring the common seal must be duly executed by the other counterparties prior to being submitted to the Shire of Coolgardie for execution. Exceptions may arise regarding Scheme Amendment and Structure Plan documents which may be certified prior to the WAPC certifying the document.
- Documents should be executed in original (paper) form, and the use of counterparts should

be avoided unless justified by the urgency of a document or transaction.

Category 1(A) Documents

Category 1A documents require a specific resolution of Council to sell, lease or enter into an agreement etc. as well as an authority to affix the seal e.g. (1) Council approves the leasing of Lot 1 on DP2 to Mr and Mrs Smith for four years; and (2) Council authorises the affixation of the seal to the lease.

These documents will be executed by having the common seal affixed under the authorisation of Council with the affixing of the seal in the presence of and being attested to by the President and Chief Executive Officer.

Following is a list of documents that are Category 1(A) documents.

Deeds, including but not limited to: -

- Deeds of Agreement,
- Deeds of Release; and
- Memorandum of Understanding,

in respect to sale, purchase or other commercial dealing relating to Shire assets including equitable interests.

Local Planning Schemes and Amendments.

Lease documents.

This category includes, but is not limited to: -

- Extension of Lease under original lease and new term not previously provided,
- Variation of Lease,
- Assignment of Lease; and
- Surrender of Lease.

Except for any of the above that is granted under delegated authority.

Local Laws

Landgate documents

Category 1(B) Documents

Category 1(B) documents are those of a general form or category and which may be subject to time constraints for execution.

These documents are to be sealed as part of a “class of documents” authorised by Council to be executed under the common seal without a specific Council resolution to affix the seal.

Please note that the document may not require a Council resolution (being a Category 1(B) document) however the decision to undertake a course of action may still require Council approval.

Following is a list of documents that are Category 1(B) documents.

- Agreements relating to grant funding when the funder requests that the agreement be signed,
- under seal,
- Debenture documents for loans which Council has resolved to raise; General Legal and Service Agreements not already listed in this policy; and

To follow is a list of documents that are Category 2 documents.

Policy Number 1.15 Corporate credit cards

Legislative Reference: NA

Relates to: Delegation 1.15 Sub Delegation 1.15a

Policy Objective:

Where a Council Member is accompanying an employee who holds a Shire corporate credit card, and a Shire Purchase Order has not, or cannot be issued to the supplier for the Council Member expenses, then those expenses may be incurred by the employee.

In such an event the restrictions and limits detailed below apply to expenses incurred by the Council Member, but “accepted” by the employee bearing the Shire corporate credit card.

If a corporate card holder needs to secure goods or services that are not specifically covered by the above conditions, such as reciprocal hospitality to a key stakeholder, visiting dignitary etc then the corporate card holder may incur the expense, but if the Authorising Officer, or Council denies the relevance of the expense, or its necessity to be incurred, even if the corporate credit card invoice has been paid, the corporate card holder shall reimburse the Shire for the complete expense, or if the payment is pending the corporate card holder shall reimburse the Shire accordingly for the expense incurred.

The following are the approved methods of processing transactions, subject to the cardholder, on each occasion, maintaining a documented record of such transactions:

- Across the counter.
- By telephone (the transaction is completed by quoting Corporate card details to the supplier).
- By mail, quoting card details on orders to suppliers.
- By internet (the transaction is completed by quoting credit card details to the supplier).

Policy Number 1.17 Attendance at Events – Council Members and CEO

Legislative Reference: Pursuant to s5.90A of the Local Government Act 1995 the local government must prepare and adopt (by absolute majority) a Policy in relation to attendance at events by Council Members and the CEO.

Definitions

Event - Local Government Act 1995 s5.90A (1) includes the following —

- (a) *a concert;*
- (b) *a conference;*
- (c) *a function;*
- (d) *a sporting event;*
- (e) *an occasion of a kind prescribed for the purposes of this definition.*

Ticket - includes an admission ticket to an event, or an invitation to attend an event, or a complimentary registration to an event, that is offered by a third party.

Relates to: Delegation NA Sub Delegation NA

Policy Objective:

To ensure compliance with s5.90A of the Local Government Act 1995 and to provide directions and guidance for Council Members and the CEO in relation to attendance at events.

Policy Scope:

This Policy applies only to the Council Members and the CEO of the Shire.

Council Members and the Chief Executive Officer attend events to fulfil their leadership role in the community. Council Members and/or the Chief Executive Officer will receive tickets or invitations to attend events to represent the Shire. The event may be a paid event, or a ticket/invitation may be gifted in kind. The primary objective of this policy is to:

- provide guidance concerning attendance at events by Council Members and the CEO,
- comply with the requirements of s5.90A of the Local Government Act 1995 by making and adopting (by absolute majority) a policy on attendance at events by Council Members and the CEO.

The Policy ensures appropriate disclosure and management of acceptance of invitations to events or functions (as defined below), where invitations to attend such events are made via the Council or the local government.

Policy Statement

The CEO will determine and apply a Policy regarding such matters, as they apply to all employees (other than CEO) who is bound by this policy.

In addition, this Policy only applies regarding tickets provided to the Council, or the local government, not to individual, specified Council Members, or the CEO.

Where invitations to such events are provided to individual, specified Council Members or the CEO, such invitations are to be assessed and determined as though they were gifts, pursuant to the Local Government Act 1995, any Regulations made under the Act, and the Shire's Code of Conduct, where relevant.

Assessing Invitations to Council Members and the CEO

Given that this Policy applies only to Council Members and the CEO, and only in relation to tickets to events given to the Council or the local government, rather than specified, individual Council Members, or the CEO, the CEO and Shire President will liaise to determine on what basis, if at all such tickets (formerly described) will be provided to Council Members or the CEO.

In doing so the Shire President and CEO may consult with other Council Members about the merits of accepting an invitation, and in doing so may take account of a range of factors.

Assessing Invitations to specific Council Members or the CEO

Deciding whether an invitation to an event has been made to a council member or the CEO in an official capacity may be made by applying a range of criteria applied, including, but not limited to:

- Prior to being a council member, or the CEO, did the donor provide such invitations to the same individuals? If so, then the invitations have not been in the role as council member, or CEO and should be assessed as a gift.
- When the council member, or CEO are no longer holding this office, will the donor still provide, the same, or similar gifts to the same individuals? If so, then the invitations have not been in the role as council member, or CEO and should be assessed as a gift.

If a council member or the CEO forms the opinion that the tickets offered have been offered specifically, then such invitations should be treated as a gift, and disclosed (or not) accordingly.

Pre-approved events

Council Members and the CEO may receive tickets or invitations to attend events to represent the Shire.

Attendance at events covered by this policy is an "excluded gift" as defined in section 5.62(1B) of the Local Government Act 1995:

Where the Council Member or CEO is attending an event in an official capacity, such as:

- performing a speaking role or some other welcoming role,
- participating as a member of a discussion panel or judging panel,
- presenting at the event as part of the event program,
- representing the Shire of Coolgardie at a sponsorship acknowledgement event or award ceremony, where the primary purpose of attendance is not for the entertainment of the individual Council Member or employee, but enable the Shire to fulfil its role, and exercise its rights and benefits, as a sponsor,
- presenting awards or prizes to others on behalf of the Shire,
- attending an exhibition or display where the Shire, its programs or services are being showcased at the event.

Where the ticket is offered by:

- the Western Australian Local Government Association

- the Australian Local Government Association
- Local Government Professionals WA
- a department of the Public Service
- a government department of another State, a Territory or Commonwealth
- a State or Federal Member of Parliament, other than for party political events or fundraisers
- a local government or regional local government
- major professional or industry association(s) relevant to local government activities
- a stakeholder partner of the Shire
- a civic / cultural / community organisation within the Shire of Coolgardie
- educational institutions or
- a not-for profit organisation.

Complimentary tickets and benefits under sponsorship agreements

Where the provision of complimentary tickets or a benefit exists under a current sponsorship agreement or arrangement between the Shire and a third party, the management and allocation of tickets or benefits (unless expressly stated) shall be determined by the Chief Executive Officer, in conjunction with the Shire President, and disclosed in accordance with this policy.

A Council Member may be allocated a ticket or benefit by the Chief Executive Officer under this Policy on the basis that attendance would enable the Council Member to perform their role as a community representative and to network and liaise with community individuals /groups within the Shire's district.

The gift of tickets must be declared to the CEO (or by the CEO, to the Shire President) within 10 business days and recorded on the gift register within another 10 business days.

Unless attendance has been paid for in full by the council member, they must disclose the value of the tickets or hospitality to the CEO within ten days of receipt.

The council member will also have an interest in any matter involving the donor that comes before council.

Event attendance may create a perceived or actual conflict, which may preclude Council Members participating or the CEO from providing advice at a future meeting.

Attendance at an event in accordance with this policy will exclude the gift holder from the requirement to disclose an interest if the ticket is above \$300 and the donor has a matter before council. Any gift received that is less than \$300 (either one gift or cumulative over 12 months from the same donor) also does not need to be disclosed as an interest.

Reimbursement of Expenses

Where an invitation or ticket to an event, outside of the district, is provided free of charge, the Shire may reimburse appropriate expenses for attendance, such as travel and accommodation, if determined that attendance would be of public value.

If the Shire President or Council determines that a council member or CEO should attend a paid event, the Shire will pay the cost of attendance and reasonable expenses, such as travel and accommodation.

Other than the Annual Conference of WALGA the Shire will not fund or reimburse the cost of attendance by a partner of a council member, or the CEO, at an event.

Non-Approved Events

Any event that is not pre-approved, is not submitted through an approval process or is received personally is considered a non-approved event.

If the event is a free event to the public, then no action is required.

If the event is ticketed and the Council Member or Chief Executive Officer personally pays the full ticketed price and does not seek reimbursement, then no action is required.

If the event is ticketed and the Council Member or Chief Executive Officer pays a discounted rate or is provided with a free ticket, then the recipient must disclose receipt of the ticket/s (and any other associated hospitality) within 10 days.

1. Workplace Bullying and Victimisation

Workplace bullying can be defined as repeated unreasonable or inappropriate behaviour directed towards a worker or group of workers which may be considered unreasonable and inappropriate workplace practice, that create a risk to health and safety.

Victimisation includes threatening, harassing, or punishing a person in any way because they have objected to the way they have been treated.

1.1 Workplace bullying can be defined as repeated unreasonable or inappropriate behaviour directed towards a worker or group of workers which may be considered unreasonable and inappropriate workplace practice, that create a risk to health and safety.

Victimisation includes threatening, harassing, or punishing a person in any way because they have objected to the way they have been treated.

Workplace bullying and victimisation can be placed under two behaviour categories – overt behaviour and covert behaviour.

1.1.1 Overt behaviour includes:

- Loud or abusive language,
- Yelling or screaming,
- Unexplained rages,

- Unjustified criticism or insults, particularly in front of others,
- Humiliating or demeaning conduct; or
- Unjustified threats of dismissal or other disciplinary action.

1.1.2 Covert behaviour includes:

- Sabotage by withholding information,
- Hiding documents or equipment,
- Constantly changing targets / work guidelines,
- Overloading a member of the organisation with work and impossible deadlines, causing physical and/or mental exhaustion,
- Withholding training or resources which is typically offered to other members of the organisation,
- Isolating or ignoring an employee; or
- Practical joking.

1.1.3 Workplace bullying can occur between:

- Co-workers,
- An employee and a manager/line supervisor,
- An employee and a Council Member,
- An employee and another person in the workplace (e.g., contractor, visitor); or
- A group of workers.

1.1.4 Workplace bullying can occur through the following mediums:

- Face to face.
- Via 3rd parties.
- On social media sites including Facebook and Twitter.

All reports of workplace bullying, or victimisation will be treated seriously and investigated promptly, with complete confidentiality (where possible) and without discrimination.

Appropriate action will be taken against any member of the organisation who partakes in bullying or victimizing a fellow colleague.

The Shire has a duty to protect all members of the organisation who report incidents of workplace bullying and victimisation. Any retaliation or victimisation against any member of the organisation who reports workplace bullying and victimisation will not be tolerated and will result in disciplinary action.

Workplace bullying and victimisation can occur in any work-related context, including council meetings, conferences, work functions and social club events such as Shire Christmas parties.

It is important for all members of the Shire to understand that workplace bullying, and victimisation does not include the Shire legitimately exercising its right to direct and control the way work is done, monitoring employees' performance and dealing with underperformance in appropriate and constructive manner, as per the Shire's procedures.

2.0 Workplace Discrimination and Harassment

2.1 Discrimination

Discrimination occurs when a person is treated less favourably than another person because of certain attributes.

Under Federal and State laws, it is against the law to discriminate against people or to harass them, in various areas of public life because of their:

- Race, including colour, ethno-religion background or nationality (under the Racial Discrimination Act 1975).
- Sex, pregnancy, transgender or marital status (under the Sex Discrimination Act 1984).
- Disability (under the Disability Discrimination Act 1992)
- Carers' responsibilities (under WA Equal Opportunity Act 1984)
- Sexual orientation (under WA Equal Opportunity Act 1984).
- Age (under the Age Discrimination Act 2004).

It is also against the law to treat people unfairly, or harass them, because of the age, disability, carers' responsibilities, homosexuality, marital status, race, sex or transgender of any relative, friend or colleague.

2.1.1 There are 2 types of discrimination (direct and indirect):

- Direct discrimination is where someone is treated less favourably because of their sex, age, race, disability, pregnancy, or any of the other grounds covered by anti-discrimination legislation,
- Indirect discrimination occurs when a requirement or rule that is the same for everyone has an effect or result that is, or is likely to, disadvantage employees because of their sex, race, disability etc. For example, a decision to insist that all employees complete a training assessment in a set time may indirectly discriminate against a person with vision impairment.

2.2 Harassment

Harassment is defined as behaviour that is directed at an individual or group of employees which, because of its severity and/or persistence, is likely to create a hostile or intimidating environment and detrimentally affect an individual's participation in employment.

Harassment is determined by the nature and consequences of the behaviour, not the intent of the initiator, and occurs in circumstances where a reasonable person would have expected the behaviour to be offensive, humiliating or intimidating.

2.2.1 General Harassment may include:

- Abusing a person loudly, usually when others are present,
- Repeated threats of dismissal or other severe punishment for no reason,
- Constant ridicule or being put down,
- Leaving offensive messages on email or the telephone,
- Sabotaging a person's work, for example, by deliberately withholding or supplying incorrect information, hiding documents or equipment, not passing on messages or getting a person into trouble in other ways,
- Maliciously excluding or isolating a person from workplace activities,
- Persistent and unjustified criticisms, often about petty, irrelevant, or insignificant matters,
- Humiliating a person through gestures, sarcasm, criticism, and insults, often in front of management or other workers; and
- Spreading gossip or false, malicious rumours about a person with an intent to cause the person harm.

2.2.1 Discrimination and harassment in the workplace are unlawful.

Discrimination or harassment is not just unlawful during working hours or in the workplace itself but can occur in any work-related context, including council meetings, conferences, work functions and social club events such as the Shire Christmas party.

2.2.2 Discrimination and Harassment can occur through the following mediums:

- Face to face
- Via 3rd parties
- On social media sites such as Facebook and Twitter Discrimination or harassment does not only occur between co-workers. A person (male or female) could be harassed or discriminated against by a line supervisor, manager, director, Council Member, contractor, service provider, client, or customer. It is important for all members of the City to understand that workplace discrimination or harassment does not include the Shire legitimately exercising its right to direct and control the way work is done, monitoring employees' performance and dealing with underperformance in appropriate and constructive manner, as per the Shire's procedures.

3. Workplace Sexual Harassment

3.1 Sexual harassment Sexual Harassment is any behaviour of a sexual nature, which is unwanted, unwelcome, or uninvited which makes a person feel humiliated, intimidated, or offended.

It may involve a single incident or a series of incidents.

The Commonwealth (Federal) Sex Discrimination Act 1984 and the W.A. (State) Equal Opportunity Act 1984 declare sexual harassment to be unlawful.

Sexual harassment can take many forms, from relatively mild sexual banter to actual physical violence. Members of the organisation may not always realise that their behaviour constitutes sexual harassment, but they must recognise that what is acceptable to one person may not be acceptable to

another.

Sexual harassment is unwanted behaviour of a sexual nature by one member of the organisation towards another.

3.1.1 Examples of behaviour that may be classed as sexual harassment include however is not limited to include:

- Unwanted physical contact - e.g., touching; patting; pinching; kissing or embracing someone; sexual assault or rape.
- Verbal comments - e.g., innuendo; smutty jokes; suggestive comments about someone's appearance or body; persistently inviting someone out; questions about a person's private life; requests for sexual favours.
- Nonverbal actions - e.g., leers; stares; displays of sexually explicit material; offensive body and hand movements; suggestive letters and drawings including emails; indecent exposure, stalking, taking unwanted photographs or the giving of unwanted gifts.

3.1.2 Although the Commonwealth (Federal) Sex Discrimination Act 1984 declares sexual harassment to be unlawful (deemed a civil offence), some types of sexual harassment may also be offences under criminal law.

Some examples include:

- Physical molestation or assault,
- Indecent exposure,
- Sexual assault,
- Stalking; or
- Obscene communications such as telephone calls and letters. If a claim of sexual harassment is found to be valid under criminal law, the offender can be prosecuted and may face a fine or jail sentence.

3.2 Identifying sexual harassment

When identifying sexual harassment, the intent of the person whose behaviour caused offence is largely immaterial, as it is the effect of their behaviour that is relevant.

If the behaviour is unwelcomed and is sexually oriented and occurs in circumstances where a reasonable person would have anticipated the possibility that a person would have been offended, humiliated, or intimidated by the conduct, then it is sexual harassment.

Sexual harassment is not just unlawful during working hours or in the workplace itself. Sexual harassment can occur in any work-related context, including conferences, council meetings, work functions and social club events such as Shire Christmas party.

Sexual harassment does not only occur between co-workers. A person could be sexually harassed by a line supervisor, Manager, Director, Council Member, Contractor, Service Provider, Client, or Customer.

3.2.1 Sexual harassment can occur between:

- Males and females,
- Males and males,
- Females and females,
- An individual and a group of people,
- Two individuals; or
- Two groups

3.2.2 Sexual Harassment can occur through the following mediums:

- Face to face,
- Via 3rd parties; or
- On social media sites such as Facebook and Twitter etc.

Sexual harassment is not behaviour which is based on mutual attraction, friendship, or respect.

If the interaction is consensual, welcome, and reciprocated, it is not sexual harassment.

It is also important for all members of the Shire to understand that workplace sexual harassment does not include the Shire legitimately exercising its right to direct and control the way work is done, monitoring employees' performance and dealing with underperformance in appropriate and constructive manner, as per the Shire's procedures.

4.0 Zero tolerance approach

4.1 Zero Tolerance means: All Council Members must conduct their own behaviour within the Shire's Equal Employment Opportunity (EEO) Policy.

All supervisors and line managers must monitor their work environments and immediately refer to the Shire's Grievance Management Policy & Procedures, should they witness a suspected breach of the Shire's EEO Policy.

All employees must report to their supervisor, coordinator or line manager, any situation in which they have witnessed a suspected breach of the Shire's EEO Policy.

All members of the organisation must always conduct their own behaviour within the Shire's EEO Policy.

4.1.1 All breaches and alleged breaches of the Shire's EEO Policy will be fully investigated and any member of the organisation, who disregards the Shire's EEO Policy, will be subjected to disciplinary action:

- Employees will be subject to the procedures in Shire's Code of Conduct for Employees and related internal procedures.

- The implementation of a structured grievance management process, by which all EEO complaints are investigated.
- Provide an enjoyable, challenging, involving and harmonious working environment for all members of the organisation where each can progress to the extent of their ability based solely on merit.

6.0 Lodging a Complaint

6.1 Any member of the organisation who feels that they have being discriminated against, or witnessed a fellow member being discriminated against, is expected to report the alleged behaviour as follows:

- Employees will be required to immediately report any such behaviour to their line supervisor or Manager. In the case that the alleged behaviour is in respect of their direct line supervisor, the employee, should advise the Deputy CEO, or a member of the Human Resources Team.
- Council Members will be required to immediately report any such behaviour to the Shire President. In the case that the alleged behaviour is in respect of the Shire President, the Council Member should report the behaviour to the Deputy President.

The outcome of a breach may result in the employee facing disciplinary action up to and including instant dismissal.

7.2 Any breach of equal employment legislation by a contractor of the Shire will be a serious breach, and the contractor will be required to explain their actions to the CEO.

The outcome of a breach may result in the contractor providing a written apology or contract being terminated for breach of conditions.

This Child Safe Awareness policy is one of the ways the Shire of Coolgardie demonstrates its commitment to being child safe and a zero-tolerance approach to child abuse.

This policy aims to reduce the risk of harm and child sexual abuse in our communities by encouraging child safe environments to be created and maintained. The Shire of Coolgardie is committed to encouraging local organisations to be child safe and ensure children are safe and empowered.

This Child Safe Awareness policy has been developed in response to recommendation 6.12 of the Royal Commission into Institutional Responses to Child Sexual Abuse and recognises that the Shire of Coolgardie is uniquely placed within the local community to demonstrate leadership by supporting organisations to be child safe and to protect children and young people from harm and/or abuse.

Definitions

Abuse Abuse is an act, or a failure to act, towards or on behalf of a child that may result in harm. It can occur on one occasion or multiple occasions. Sometimes the impact of multiple events leads to harm that becomes cumulative in nature. Types of abuse include physical, emotional and sexual abuse, and neglect.

Child/Children Means a person under 18 years of age, and in the absence of positive evidence as to age, means a person who appears to be under 18 years of age.

Child Safe Organisation is defined in the Royal Commission Final Report as one that:

- creates an environment where children's safety and wellbeing are at the centre of thought, values, and actions
- places emphasis on genuine engagement with and valuing of children and young people
- creates conditions that reduce the likelihood of harm to children and young people
- creates conditions that increase the likelihood of identifying any harm, and
- responds to any concerns, disclosures, allegations, or suspicions of harm.

Note: in the context of local governments, this would involve referring concerns to the Department of Communities or WA Police to respond as appropriate.

Implementation of the National Principles for Child Safe Organisations give effect to the above.

Child safe For the purpose of this policy, child safe means protecting the rights of children and young people to be safe by taking actions that can help prevent harm and abuse.

Wellbeing Wellbeing of children and young people includes the care, development, education, health and safety of children and young people.

Policy Principles:

- The rights of children and young people are upheld.
- Children and young people are respected, listened to, and informed about their rights.
- Children and young people have the fundamental right to be safe and cared for.
- Children and young people have the right to speak up, be heard and taken seriously without the threat of negative consequences.
- The safety and best interests of children and young people are a primary consideration when making decisions that concern them.
- Access to trusted and reliable information, including the National Principles for Child Safe Organisations, helps support organisations to understand what they must do to help reduce the risk of harm and abuse.
- Communities are informed and involved in promoting the safety and wellbeing of children and young people including protection from harm.
- Collaboration with the community and our partners promotes the safety, participation and empowerment of all children and young people.

Policy Number 2.06 Risk Management

Legislative Reference:

Relates to: Delegation NA Sub Delegation NA

Policy Objective:

To outline the Shire's commitment and approach to managing risks that may impact on its day-to-day operations and threaten the achievement of its objectives.

Policy Scope:

The Risk Management Policy and any associated frameworks, guidelines and protocols will apply across all operations of the Shire. All employees within the Shire are encouraged to develop an understanding and awareness of risk and contribute to the risk management process.

Policy Statement:

Objective:

The purpose of the Risk Management Framework (Framework) is to support an integrated and effective approach to enable the Shire of Coolgardie to manage its risks through informed decision-making and to achieve value creation and asset protection in accordance with the Shire's Risk Management Policy.

The Framework is based on good practice and sound corporate governance and is consistent with the risk management guidelines and principles of AS/NZS ISO 31000:2018 – Standard for Risk Management.

The Framework is an important component of the Shire's overall Governance Model and remains central to all its operations while delivering a wide and diverse range of services to its residents and visitors.

The management of risk is the responsibility of everyone and is an integral part of the Shire's organisational culture which is reflected in the various policies, protocols, systems, and processes to ensure efficient and effective service delivery.

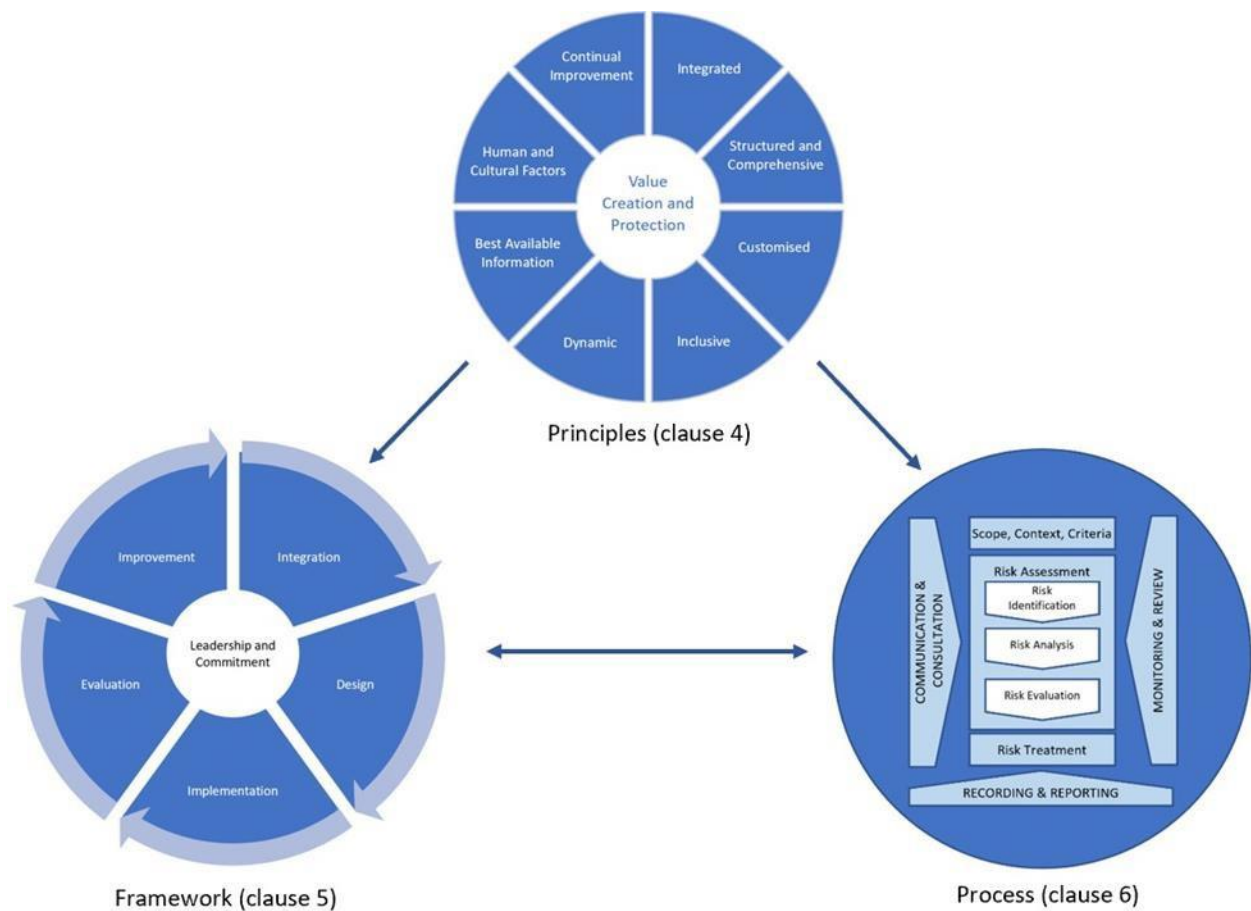

Risk Appetite

The Shire seeks to manage risk carefully. Risk appetite is the amount of risk to which an organisation is prepared to be exposed to before it judges action to be necessary. Risk appetite may be described using various terms such as high/medium/low or risk averse, risk prudent or risk tolerant. Resources available to control risks are limited and the amount of risk that the Shire is prepared to accept at any one time will have a limit.

The Shire's overall risk appetite is 'risk prudent'. The Shire should accept the taking of controlled risks, the use of innovative approaches and the development of new opportunities to improve service delivery and achieve its objectives provided that the risks are properly identified, evaluated, and managed to ensure that exposures are acceptable.

Principles of Risk Management Overview

of ISO 31000:2018 Standard

Source: Australia/New Zealand Standard ISO 31000:2018

The diagram above demonstrates the relationship between each component of the Risk Management Strategy with the Principles forming the foundation of the Strategy.

The Strategy is intended to facilitate integration of risk management throughout the Shire, through commitment from leadership to risk management practices. Any gaps identified through analysis of existing practices should be addressed through implementation of controls and other risk mitigation action plans.

The Risk Management Process is designed and tailored to align to the Shire's structure, resources and practices. The Risk Process is iterative, consisting of Risk Assessment, Risk Identification, Risk Analysis, Risk Evaluation and Risk Treatment, Communication and Consultation, Recording and Reporting along with Monitoring and Review.

The following key principles provide necessary guidance and methodology when implementing a structured risk management process.

Principles driving Value Creation and Protection Human and cultural factors: Risk culture is created from visible leadership and commitment in embedding a risk mindset. All Council Members and employees have responsibility for managing risk.

Risk management should be a part of, and not separate from, the Shire's purpose, governance, leadership and commitment, strategy, objectives, and operations. (ISO 31000:2018 Risk Management Guidelines, page 5)

Structured and comprehensive: Refers to the risk management process which encompasses:

- Risk identification, assessment, and treatment,
- Risk monitoring and review; and
- Risk reporting and communication.

Inclusive accountability and transparency: Leadership to assign clear roles and responsibilities for employees, external stakeholders, and decision makers to ensure risk management remains relevant and up-to-date and is based on informed choices and agreed priorities.

Integrated: Managing risks should create and protect value by contributing to the achievement of objectives as included in the Strategic Community Plan and Corporate Business Plan (Plan for the Future), as well as project outcomes and improving Shire performance as an integrated activity within existing processes.

Customised to Shire risk profile: Recognises the Shire's external and internal influences and challenges, due to its geographical location and community needs.

Dynamic: Risks needs to be managed in a dynamic, iterative, and responsive manner.

Continuous improvement: Developing a more risk aware workforce will result in operational processes which consider risk considerations and enable processes and decision making to improve over time.

Best available information: Risk management is reliant on use of the best available information at any given point in time. Risk analyses should also be forward looking to consider potential long-term risks

Risk Management Strategy – Implementation stages

The following are the key considerations when formulating the strategy for a sustainable risk management process:

Integration:

- Integrate risk management into Shire processes and structure. All Council Members and employees are responsible for managing risk.

Design the Strategy:

- Understand the organisation and its context,
- Establish and adopt Risk Management Policy,
- Establish roles, responsibilities, and accountabilities,

- Allocate resources; and
- Establish internal and external communication and reporting mechanisms.

Implement the Strategy:

- Develop Risk Management Plan,
- Engage stakeholders to convey the purpose and importance of the Strategy and Plan,
- Implement corporate risk management processes in all activities throughout the Shire, particularly decision-making processes; and
- Identify changes in the internal and external context, as well as identifying emerging risks or changed risk conditions.

Evaluate the Strategy:

- Regularly assess the purpose, objectives, and outcomes of the Strategy against actual risk management practices; and
- Consider the suitability and application of the Strategy to the Shire's operations and activities.

Continuous Improvement:

- As gaps or improvement opportunities are identified from risk processes, continuously refine the Framework and the way the process is integrated; and
- Develop plans and tasks and assign them to those accountable for implementation.

Risk Management Process

Risk Management is about understanding risk tolerance, identifying, and assessing what can go wrong in delivering business objectives, what opportunities for improvement or refinements exist and implementing risk treatments when necessary.

The diagram below depicts the re-iterative and continuous process for managing risks (Source: Australia/New Zealand ISO31000:2018).

Elements of Risk Management Process

The key elements are described below:

- Communication and Consultation Risk Identification Process
- Understanding Scope, Context and Criteria
- Risk Assessment Process
- Risk Treatment
- Monitoring and Review
- Recording and Reporting

Communication and Consultation

An effective risk management process relies on regular communication and consultation, both upward to leadership and downward from leadership and senior employees, involving risk owners, Shire management and Audit and Risk Committee / Council (as applicable).

The main objectives of risk communication and consultation are to:

- Provide information for decision making (relevance of information is dependent on currency),
- Utilise expertise from across the organisation while carrying out risk management activities; and
- Facilitate an inclusive and empowered culture across the Shire in relation to risk management.

Risk Identification and Risk Treatment Process

The day-to-day management of risks including potential risks is part of business as usual.

Understanding when existing risks reach above the tolerable level i.e., risk tolerance and requires

management attention is the focus of this critical step.

Risk Registers are established to ensure that the details of the risk ‘event’ or operational procedure are documented to outline the context of the issue, the potential impact and likelihood of the risk on the Shire and what is being done to treat the risk or to reduce the level of risk within the risk appetite / prescribed policy / minimum industry standard etc.

It is industry practice to report risks by risk category and/or risk themes to group similar risks under the appropriate risk category. The use of standard risk categories enables:

- Structured process for employees to identify and capture risks; and
- Reporting of risks by risk type, providing focus areas requiring risk mitigation, especially where similar risks are identified across functional areas and/or by different stakeholders.

The Shire’s risk categories/themes should be continually reviewed to ensure relevance in current environment.

Examples of risk categories within the local government sector:

- Performance: inability to deliver on key strategic objectives, failure to manage key projects,
- Infrastructure: potential loss of infrastructure impacting on delivery of essential services,
- Financial: loss of assets, impact on annual revenues or costs, mismanagement of funds,
- Environmental Risk: negligence resulting in long term harm to the environment,
- Community / Reputational Damage: adverse publicity, release of sensitive data such as ratepayer details,
- Service Delivery/Business Interruption: loss of service, disruption in business processes or impact to service delivery (including through lack of skilled resources); and
- Legislative / Regulatory / Policy / Occupational Safety and Health: misconduct, injury, breaches to regulatory and/or statutory requirements. Detailed procedures for maintenance of risk registers are outlined in Appendix A.

Monitoring and Review

To ensure the design of the overall risk management process remains fit for purpose and relevant, it should be regularly reviewed for quality and effectiveness as a management tool.

The outcomes of the risk process should also be periodically reviewed to ensure accountabilities and responsibilities are clearly defined and risk issues are concise and contain sufficient data and analyses to enable informed decisions.

Recording and Reporting

To demonstrate an inclusive and transparent process, the Shire uses risk registers to document identified key risks, what is being done to mitigate the risk, who is responsible for managing the risk and are the risk treatment plans / risk mitigation strategies providing the desired outcomes.

Recording and reporting also enables the Shire to use the risk reporting process as a communication

tool to inform and share information across the organization including formal reporting such as Council and Audit & Risk meetings.

Detailed procedures for Risk Reporting are outlined in Appendix B.

Key Outcomes from Risk Management Process

- Risk identification will be integrated into the business and project planning processes. Employees should be trained to flag risks or potential risks to their supervisors if emerging issues are not dealt with adequately.
- Departmental Risk Registers should be used to capture new risks and to ensure risks which require ongoing risk mitigation can be validated by management as being adequately mitigated.
- The process for evaluating risks will be more consistent if the Risk Matrix and Assessment Criteria is applied according to the definitions outlined Tables 2-5.
- Risk mitigation plans should outline who, what, when and why of the proposed solution. For high-risk issues, management should receive regular progress updates for full transparency and for calibration of risk tolerance (i.e., in conjunction with all the other risks at the Shire).
- Summary risk reports should be provided to the Audit & Risk Committee on a regular basis to provide them with visibility as to how the Shire is managing its top risks.

Maintenance of Risk Registers

Big Rules:

The responsibility for being alert to risks and /or identification of potential risks is everyone's responsibility.

1. The Shire has a designated Risk Champion. Their role is to drive the risk management process and to strive for continuous improvement.
2. Risks which require management attention and active risk monitoring must be documented and assigned a risk owner in the Department's Risk Register.
3. The second level review of Risk Registers is the responsibility of Service Managers.
4. New emerging risks should be communicated to the CEO as part of a regular management meeting. Emerging risks often become strategic risks if nothing is done to reduce the risk to an acceptable level.
5. A standard Risk Register template has been created for the Shire to ensure a consistent approach.

Any changes to the template require consultation with the Risk Champion.

Guidelines when describing risk events or issues:

- ✓ Each risk item should have a unique reference.
- ✓ Important details to always include - date identified and the who, what, when of incident are important facts. Date of later updates should also be included.
- ✓ The impact assessment – likelihood and consequence for risk rating can be based on best known information. Do not get bogged down with the actual rating. The key is to log the event and raise it with the appropriate Manager for further consultation.
- ✓ Action Owners – sometimes there are multiple people involved; consult with the Risk Champion or Manager as to listing multiple owners or having one overall owner. If multiple, it should be clear as to what each person is responsible for.
- ✓ The amount of detail and information is dependent on the risk situation and should be reflective of the severity and nature of the risk.

Examples: Legal disputes or issues which impact on the reputation of the Shire should be actively monitored. Restricting access to the specific risk register would be an appropriate control whilst ensuring a transparent process to those that are managing the issue. Updates to the risk register is one way of providing status updates to multiple risk owners / stakeholders.

Risks which have action plans in the future i.e., next financial year, may not need an update for the regular Risk Reports unless there is a change to the agreed action plans. Items of this nature can remain on the risk register with the Status = Open with periodic confirmation of the action plan.

However, any decisions which may impact or likely impact on the action plan not being executed as stated should be flagged as soon as it is known. This will enable alternate solutions to be considered in a timely manner.

Increased exposure to loss due to introduction of Armaguard as the transport agent on behalf of ANZ for the cash pick-ups . increased risks due to cash staying on the premises for much longer (mitigated by procedure that cash is kept in vault until the weekly pick-ups) . lack of clarity over roles and responsibilities between Shire and ANZ if there are service issues with Armorguard 	Possible	Minor		<p>Ensure the arrangements for use of Armaguard for the 'cash' pick-ups are documented and agreed in writing with ANZ. Any missing deposits should be escalated to Management immediately.</p>	Bec Horan	un-19

Types of Risk Mitigation:

Avoid: remove cause of risk event from occurring

Reduce: mitigate risk event so that it does not occur; or put in place measures to reduce the impact of the risk if it occurs i.e., reduce speed limit

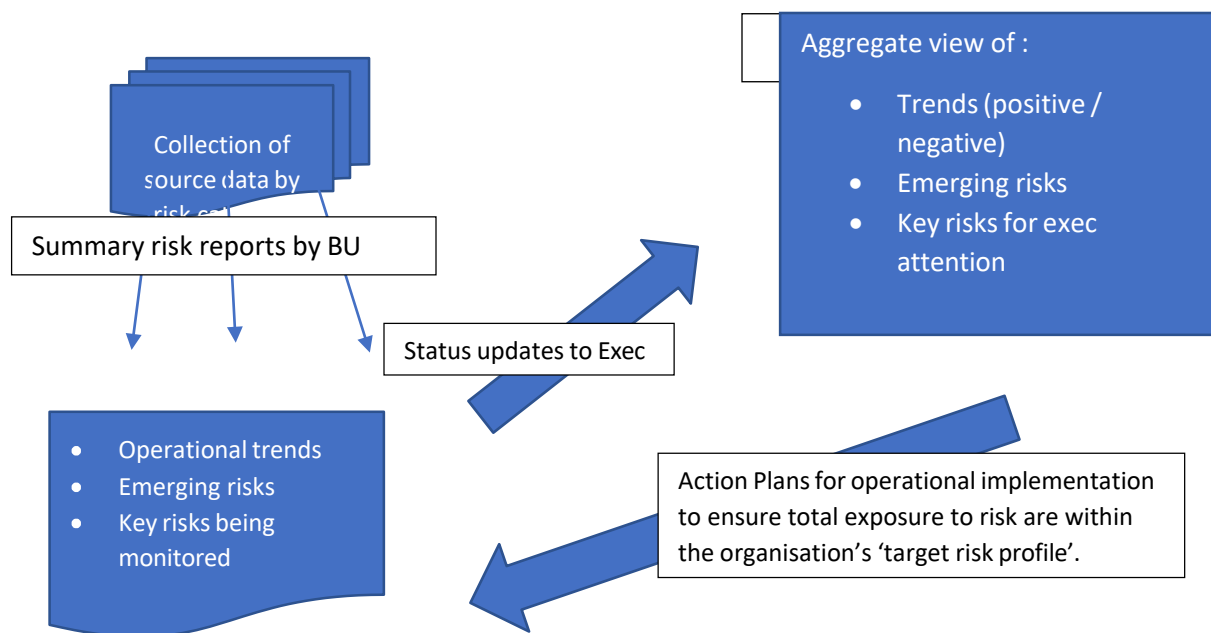

Transfer: transfer risk to a third party i.e., purchase insurance policy

Accept: the risk is within the set risk tolerance; management chooses not to do anything and accepts the risk

Treat risk: risk mitigation strategies are put in place to treat the risk which has occurred i.e., weather event has caused damage to old power poles. They will be replaced with more durable poles plus a maintenance schedule has been put in place to ensure that power poles are regularly inspected.

Policy Number 2.09 Loans

Legislative Reference:

Relates to: Delegation NA Sub Delegation NA

Policy Objective:

This policy provides guidelines in respect of the utilisation of loan facilities to fund the acquisition, construction, or renewal of assets. Recognition of this policy will ensure that a consistent methodology is adopted when considering loans as a potential funding source.

Policy Scope:

As part of its strategic planning and Long-Term Financial Planning processes, the Council will consider how significant projects are to be funded.

The use of loan facilities may be an appropriate, or even a preferred option, in respect of specific capital projects. However, to ensure that financial prudence is demonstrated when deliberating the utilisation of loan facilities in preference to other funding options, consideration of the guidelines as detailed in this policy must form part of any associated decision-making process.

Policy Statement

The Council is committed to demonstrating financial responsibility in its utilisation of loan facilities to fund specific capital projects. It is also acknowledged that the funding of identified projects via loan facilities can assist in addressing intergenerational equity issues.

Additionally, any proposal to utilise loan facilities as a funding source should always be considered against several predetermined criteria. This policy provides an overview of the associated criteria to be considered as part of any decision-making process to utilise loan facilities.

Self-Supporting Loans

The policy content does not apply to self-supporting loan facilities as the purpose of such facilities is distinct from the Shire's own funding requirements - see Policy 3.25.

Guidelines

The following guidelines are to be considered as part of any proposal to utilise loan facilities:

- Loans are not to be utilised to fund operating expenditure,
- Loans are not to be utilised to fund capital expenditure of a recurrent nature (e.g., road resurfacing and associated works or plant replacement unless funding becomes available via Federal / State or other additional grants that enables the Shire to bridge gaps in Asset Management Plans that could maximise leveraging opportunities,
- A demonstrable economic benefit must be evident to support the use of loan facilities, as opposed to saving for the asset acquisition, construction, or renewal. Priority for loan funding will be given to projects that will deliver greater community benefit and secondly generate revenue to offset associated loan repayments or can be funded from contributing revenue streams other than General Rates. These revenue streams may include specified area rates, service charges and fees and charges,

- The term of any loan facility is not to exceed the economic life of the asset,
- The repayment method for a loan facility will be via principal and interest repayments. Interest only payments or capitalisation can be considered where a financial benefit can be demonstrated; and the nature of the asset being funded is consistent with this methodology. As an example, a property acquisition / subdivision where the impact on the rate base is lesser during the initial phases and the full debt can be acquitted from the disposal of the land under development,
- In considering the utilisation of loan facilities, the Shire's capacity to repay must be assessed, with regard given to associated debt service coverage ratio which is to result in the Shire having a ratio above 3.0.

Training that exceeds the allocated budget amount may be approved by resolution of Council.

Objectives

- To comply with the requirements of s5.128 of the Local Government Act 1995 by making and adopting (by absolute majority) a policy on professional development of Council Members.
- To provide guidance concerning the professional development of Council Members.
- To establish a process whereby the professional development needs of Council Members are identified and met, within budgetary and other limits.

Policy Statement

The Council acknowledges its commitment to the training and development of Council Members to assist the fulfilment of duties and responsibilities of public office and in the interests of effective representation.

Council Members are encouraged to continually improve their knowledge and expertise to enhance the quality of representation and promote well informed decision making.

This can be achieved by participating in programs and training courses specifically designed for professional development relating to their role and responsibilities in local government.

Such professional development programs are those developed by industry-recognised providers and (generally) delivered locally.

Access and participation in the identified professional development courses and programs is made available to all Council Members.

Professional development – needs assessment.

The Shire acknowledges that the development of an effective training and development plan for Council Members must be based on identifying the skills and knowledge required by Council Members to perform their roles and responsibilities effectively.

As well as standard requirements for professional skills sets, the Shire recognises that its Council Members may require specific skills to reflect environmental, social or economic challenges facing the local community and that a training and development program should address.

The Shire utilises a simple self-assessment checklist for Council Members to identify areas for knowledge and skills development.

The checklist can be used by Council Members to help them to prioritise areas to cover in an ongoing training and development program.

Such a checklist will be reviewed on a regular basis to check progress and identify any additional areas for training or development.

The self-assessment tool will be used in conjunction with other activities to collect information regarding the training and development needs of Council Members such as questionnaires, interviews, or workshops.

Once the council has determined and prioritised the skills and knowledge required, each council member will need to assess the level of their abilities and identify areas where they require training and development.

This should be done by both new and experienced Council Members. Experienced Council Members who have previously attended training on a specific topic or issue may still require additional training.

The gap between the skills and knowledge (or competencies) required by the council and those of individual Council Members or groups of Council Members will form the basis of a training and skills development plan that may be then implemented over time, according to priority and budget.

Skills and Knowledge Self-Assessment – matrix for Council Members

The following is a list of some of the key skills and knowledge areas of effective Council Members. This list identifies some possible training and developmental areas for Council Members and will assist council to prioritise the training and development opportunities provided to Council Members.

Prescribed training requirements

The Local Government (Administration) Regulations 1996 (the Regulations) requires Council Members to complete a ‘Council Member Essentials’ course consisting of five modules. Certain exemptions, specified in the Regulations, apply.

Training must be completed by all Council Members following their election within 12 months of taking office and is valid for five years.

The Regulations require that the course is completed through North Metropolitan TAFE, South Metropolitan TAFE, or WALGA.

In 2022 The Minister for Local Government proposed that non-compliance with the requirement to complete training would result in a Council Member being paid the minimum remuneration for the relevant SAT Band.

Following each ordinary election, Council Members will be provided with information on training options from the approved training providers.

Availability

Unless otherwise resolved by Council, training that a Council member is required to complete under s5.126 of the Act will be paid for separately by the Shire.

Accessing professional development

Requests for course participation may be initiated by a Council Member and should be forwarded to the Executive Assistant to the CEO in a reasonable time prior to enrolment or registration for preliminary assessment and evaluation and consideration by the CEO.

The CEO will consult with the Shire President (and if necessary, the council member) in relation to the request to determine that:

- the application is relevant and appropriate and addresses the council member’s advised professional development needs,
- there are enough funds available for all costs likely to be incurred in the council member’s proposed professional development,
- the proposed council member is the most appropriate to undertake the specific professional development,

- generally, no more than two Council Members may attend an event outside Western Australia at the same time, unless Council has resolved for additional Council Members to attend,
- approval of attendance at an event does not impede a quorum at any scheduled Council or Committee meetings.

No council member will be permitted to undertake professional development, other than in house training provided to all Council Members, in the last 6 months of their term of office, unless approved by Council.

All applications for professional development opportunities outside WA, must be determined by Council based on a joint report from the Shire President and CEO.

The CEO is authorised to approve requests from Council Members for professional development based on consultation with the Shire President and the applying council member and providing the course or conference is organised by an identified, industry recognised training provider.

In all other such cases Council must determine the application based on a joint report from the Shire President and CEO.

If the Shire President and CEO determine NOT to approve a request for professional development, the affected council member has the right to put the matter before Council for consideration, which determination shall be final.

The Chief Executive Officer shall maintain a Register of Professional Development attended by Council Members which is to be published at the Shire website, in accordance with s5.128 LGA.

Funding and completing training.

To enable attendance by Council Members at events, the following shall be considered when preparing the budget annually:

- An allocation for Council Members to cover costs associated with attendance at events relevant to the role and responsibilities of a council member that may include:
 - Events held in Australia,
 - The annual WALGA Convention, inclusive of, where requested, the council member's partner's attendance at the convention dinner,
 - Accredited training.

An annual budget allocation is provided for this purpose. This is determined as a "global amount" rather than notional, or specific "allocations" per council member.

Any approval for seminar or training programme attendance is always subject to budgetary funds being available.

Unexpended funds at the end of the financial year will not be carried over to the next financial year.

Council Members seeking to undertake training must provide the request to the Executive Assistant to the CEO to enable the training to be purchased in accordance with the Shire's procurement and purchasing rules.

Council Members wishing to complete a training program that spans across multiple financial years or that exceeds their annual funding allocation may apply to have their allocation allotted in advance.

An annual budget allocation is provided for the purpose of Council Member training. The training allocation is for a financial year and expires at the end of the financial year.

As the expenditure of funds from the Shire's budget can only be authorised by Council or through Council approved instrument of delegation, Council Members must obtain the necessary approvals set out in this policy prior to making any financial or other commitments on behalf of the Shire.

Unless authorised by Council, travel, accommodation, and associated costs are to be debited from a Council member's training allocation.

S5.57 of the Act defines a gift as the conferral of a financial benefit made by one person in favour of another person without adequate compensation. Under this definition, the provision of training to Council Members for free or at a subsidised rate may be considered in a gift in certain circumstances.

Council Members should consult the Manager Executive Services before accepting offers of training or attendance at conferences.

Council Members must not receive personal ancillary benefits associated with travel to participate in training and conferences such as frequent flyer points.

Unless otherwise resolved by the Council:

- Council Members are not permitted to nominate for attendance at a training course or conference paid for by the Shire 6 months prior to their term of office expiring, unless the request is approved by Council,
- Council Members who do not complete training paid by the Shire will be required to repay the Shire for the training and associated costs; and
- Any amendments or cancellations to bookings resulting from a change in Council Members' personal circumstances shall be at the member's own cost. Any change or cancellation resulting from the Shire's operations shall be communicated to Council Members and paid for by the Shire. Training to be delivered to all Council Members may be paid from a separate allocation by Council resolution.
- A council member who has failed to fulfil the obligations of this policy in attending a prior event, namely:
 - Acquittal of cash advance expenditure in accordance with this Policy; or
 - Provision of a report arising from attendance at an interstate event, in accordance with this Policy shall be ineligible to attend any future event unless authorisation is granted by a resolution of Council.

Should a Council Member wish to extend their visit for personal reasons not associated with approved Shire business, any extended stay or additional costs associated with that stay are to be met by the council member.

Expenses

Subject to approval being granted by the CEO, in consultation with the Shire President or Council to attend an event, the following expenses will be met:

- Travel - Where travel is involved, the cost of travel by the shortest most practical route to and from the event venue will be met by the Shire for the respective Council Member
 - All air travel shall be by Economy Class (unless otherwise determined by Chief Executive Officer). As far as is practicable, advantage should be taken of any available discount fares including advance purchase fares.
 - Airline tickets purchased are to be insured to enable the ticket purchase price to be refunded, on occasions whereby a delegate is unable to travel.
- Registration fees which may include, where applicable, event registration, dinners, technical tours, and accompanying workshops identified within the event program.
- Reasonable accommodation expenses for the council member for a room at or near the event venue
 - Where an event to be attended commences prior to midday, the Shire will meet the cost of accommodation on the night preceding the commencement of the event.
 - Where an event commences after midday and flights are available, the council member will be expected to travel on the day the event begins.
 - Where flights are not available to enable the council member to arrive in time for the commencement of the event, the Shire will meet the cost of accommodation on the night preceding the commencement of the event.
 - Except for international events, where an event concludes prior to 1pm and flights departing the location in which the event is held are available to enable the council member's return to Perth by 10pm on that day, the Shire will not meet the cost of accommodation on the night on which the event concludes.
- Meals, transport, and incidental expenses:
 - Funding for meals and incidental expenses will be provided in accordance with the State Public Service Award conditions of service and allowances,
 - Meal expenses shall be interpreted as reasonable expenses incurred for the purchase of breakfast, lunch, and dinner where these are not provided at the event or in travel,
 - Claims for meals at venues other than the event will not be paid by the Shire when alternate meals are included and have been paid for in the registration fee.
- Incidental expenses shall be interpreted as reasonable expenses incurred by the delegate for telephone calls, newspapers, magazines, laundry, public transport and sundry food and beverages.
- Transport expenses to and from the airport and intra-Shire movement will be reimbursed.
- Accompanying Persons - entertainment expenses:
 - Where a council member chooses to invite an accompanying person to attend a conference

event, the Shire will fund that person's attendance at the official conference dinner only.

- The Shire may, where it may be reasonably facilitated, organise the arrangements for travel, accommodation, and registration of an accompanying person to attend a conference event.
- The relevant council member is responsible for all costs associated with arrangements for the accompanying person, including penalties for cancellation or amendment of bookings if required. Such costs are to be reimbursed to the Shire at the time the arrangements are made.
- The Shire will not reimburse or fund any other expenses incurred by an accompanying person.

Sharing of knowledge

In accordance with s5.127 of the Act, the Shire will publish a report on the local government's website within one month of the end of the financial year detailing the training completed by Council Members.

To complete the register, Council Members shall, following completion of the training, provide evidence of completion of the training to the Manager Governance and Compliance.

Council Members will be asked to confirm their completion or attendance as applicable prior to the publication of the register. The register will state:

- Council Member name,
- Each training course or module completed,
- The cost of training and any associated travel and accommodation paid for by the Shire,
- The training provider or conference name. For reporting purposes, the costs of training completed as a group will be apportioned to each Council member that was registered to attend. Council Members are encouraged to share learnings and insights from training, including conferences with Council.

Within a reasonable time (which period shall not exceed 60 days) of attendance at an interstate event the council member shall provide a written report or presentation (including copies of conference papers where appropriate) concerning the event for the information of other Council Members and for Shire records.

The CEO is to cause a copy of that report to be distributed to all other Council Members.

The purpose of this Policy is to set out the guidelines for the provision of information to Council Members and the Council and other matters relating to the various forums utilised.

Policy Scope:

This Policy is applicable to all convened information sessions and formally constituted meetings involving Council Members of the Shire of Coolgardie held while carrying out the business of the local government.

Policy Statement:

Information Provision

All Council Members shall have access to the same information when making decisions.

Council Member's written questions of employees regarding agenda reports shall be circulated to all Council Members for information and the officer's response shall be circulated to all Council Members.

Where a question cannot be sufficiently answered at any information session or meeting and further information is required to be provided by an officer, it shall be circulated to all Council Members.

Council Members, however, may ask for personal information of a private nature to be provided on a "Private and Confidential" basis.

Council and Committee Meetings

Council and Committee Meetings are conducted in accordance with the Local Government Act 1995, the Local Government (Administration) Regulations 1996 and the Shire of Coolgardie Meeting Procedures Local Law.

Formal decisions of the Council are made utilising the Council and Committee meeting process.

Reports to Council or a Committee

- All reports shall include the details of the reporting officer/s and the options that may be available to the Council should it not agree with the officer's recommendation.
- All reports listed for consideration at a meeting are to be provided at the time of agenda distribution, unless they meet the criteria for a late item of urgent business for consideration by the Council or Committee.
- Any employee's report shall not duplicate the subject of a motion of which a council member has given notice, and where this is unavoidable, the Council Member's notice of motion will take precedence in the order of business of the meeting.

Information Sessions and Workshops

- It is usual for workshops and information sessions on a range of matters to be convened by the CEO to provide information to Council Members to enable informed decisions to be made.
- The Council currently has a meeting cycle of formal Council meetings, preceded by various information sessions and workshops in the week before the meeting and on the day of the meeting.
- Agenda information sessions shall be conducted in an open, accountable manner and held in accordance with the Code of Conduct, subject to the confidentiality provisions relating to agenda reports.
- Other information sessions and workshops are convened to offer the Council Members the opportunity to:
 - explore options and discuss ideas,
 - discuss future agenda items and strategic direction,
 - to be briefed on key ongoing projects and have input prior to the allocation of significant resources in taking forward reports to the Council,
 - provide feedback and input in relation to decisions being made, or which may be made, by employees (under delegation/authorisation or similar, or acting through),
 - The CEO will often refer matters to an information session or workshop for discussion and employees may then make decisions having regard for the nature of the discussion. They may be relatively informal and not open to the public unless invited to attend due to the preliminary and exploratory nature of the discussions.
 - discuss grievances and concerns to be resolved where possible.
- Formal decisions of the Council are only made during a formal Council meeting and therefore collective or implied agreement on any issue cannot bind the Local Government during any information session or workshop.

- In addition to disclosure requirements that apply at formal meetings, the Department of Local Government guidelines promote disclosure of interests at agenda forums, as participation without disclosing an interest is ethically unacceptable. Interests shall therefore be disclosed at agenda briefing sessions (informal and formal), information sessions and workshops etc.

Electors' and Special Electors' Meetings

Matters discussed at electors' meetings provide important input into Council decision-making processes. All annual meetings of electors and special meetings of electors shall be convened in Shire-owned buildings to ensure that the venue is appropriate for the conduct of such a meeting.

The CEO, or his representative, shall attend all meetings of electors and is requested to have executive employees in attendance, such that wherever possible, electors can be provided with the information that they are seeking at the meeting.

Policy Number 2.16 Habitual or vexatious complaints

Legislative Reference:

Relates to: Delegation Sub Delegation NA

Policy Objective:

To describe a framework for identifying and dealing with habitual or vexatious complainants.

Policy Scope:

This Policy may be applied by the Council, or the CEO, where circumstances dictate.

Policy Statement:

Purpose

Habitual or vexatious complaints can be a problem for employees and members.

The difficulty in handling such complainants is that they are time consuming and wasteful of resources in terms of Officer and Member time and displace scarce human resources that could otherwise be spent on Council priorities.

Whilst the Council endeavours to respond with patience and sympathy to all needs of all complainants, there are times when there is nothing further which can reasonably be done to assist or to rectify a real or perceived problem.

To identify situations where a complainant, either individually or as part of a group, or a group of complainants, might be “habitual or vexatious” and ways of responding to these situations.

This policy is intended to assist in identifying and managing persons who seek to be disruptive to the Council through pursuing an unreasonable course of conduct.

Definitions

“habitual” means “done repeatedly or as a habit”. The term vexatious is recognised in law and means “denoting an action or the bringer of an action.

Application

The following definition of habitual or vexatious complainants applies:

- The repeated and/or obsessive pursuit of:
 - unreasonable complaints and/or unrealistic outcomes; and/or
 - reasonable complaints in an unreasonable manner.

If complaints continue and have been identified as habitual or vexatious in accordance with the criteria set out in the document below (Schedule A), the CEO, following discussions with the Executive, will seek agreement to treat the complainant as a habitual or vexatious complainant and for an appropriate course of action to be taken.

The Shire will maintain adequate documentary records, indicating that the Shire will create and keep

internal records of the criteria considered by the CEO and Executive Management Team under Schedule A of the Policy and a summary of the action to be taken under Schedule B of the Policy. Schedule (B) details the options available for dealing with habitual or vexatious complaints.

The CEO will notify complainants, in writing, of the reasons why their complaint has been treated as habitual or vexatious, and the action that will be taken. The CEO will also notify the Council Members that a constituent has been designated as a habitual or vexatious complainant.

Once a complainant has been determined to be habitual or vexatious, their status will be kept under review after one year and monitored by the CEO with reports being taken to Council as required. If a complainant subsequently demonstrates a more reasonable approach, then their status will be reviewed.

Schedule A – Criteria for Determining Habitual or Vexatious Complaints

Complainants (and/or anyone acting on their behalf) may be deemed to be habitual or vexatious where previous or current contact with them shows how they meet one of the following criteria:

Where complainants:

- Persist in pursuing a complaint where the Council’s complaints process has been fully and properly implemented and exhausted.
- Persistently change the substance of a complaint or continually raise new issues or seek to prolong contact by continually raising further concerns or questions whilst the complaint is being addressed. (Care must be taken, however, not to disregard new issues which are significantly different from the original complaint as they need to be addressed as separate complaints).
- Are repeatedly unwilling to accept documented evidence given as being factual or deny receipt of an adequate response in spite of correspondence specifically answering their questions or do not accept that facts can sometimes be difficult to verify when a long period of time has elapsed.
- Repeatedly do not clearly identify the precise issues which they wish to be investigated, despite reasonable efforts of the Council to help them specify their concerns, and/or where the concerns identified are not within the remit of the Council to investigate.
- Regularly focus on a trivial matter to an extent which is out of proportion to its significance and continue to focus on this point. It is recognised that determining what is a trivial matter can be subjective and careful judgment will be used in applying these criteria.
- Have threatened or used physical violence towards employees at any time. This will cause personal contact with the complainant and/or their representative to be discontinued and the complaint will, thereafter, only be continued through written communication. The Council has determined that any complainant who threatens or uses actual physical violence towards employees will be regarded as a vexatious complainant. The complainant will be informed of this in writing together with notification of how future contact with the Council is to be made.

- Have, while addressing a registered complaint, had an excessive number of contacts with the Council – placing unreasonable demands on employees. A contact may be in person by telephone, letter, email, or fax. Judgment will be used to determine excessive contact considering the specific circumstances of each individual case.
- Have harassed or been verbally abusive on more than one occasion towards employees dealing with the complaint. Employees recognise that complainants may sometimes act out of character in times of stress, anxiety or distress and will make reasonable allowances for this. Some complainants may have a mental health disability and there is a need to be sensitive in circumstances of that kind.
- Are known to have recorded meetings or face-to-face/telephone conversations without the prior knowledge and consent of other parties involved.
- Make unreasonable demands on the Council and its employees and fail to accept that these may be unreasonable, for example, insist on responses to complaints or enquiries being provided more urgently than is reasonable or within the Council's complaints procedure or normal recognised practice.
- Make unreasonable complaints which impose a significant burden on the human resources of the Council and where the complaint:
 - Clearly does not have any serious purpose or value; or
 - Is designed to cause disruption or annoyance; or
 - Has the effect of harassing the public authority; or
 - Can otherwise fairly be characterised as obsessive or manifestly unreasonable.
- Make repetitive complaints and allegations which ignore the replies which Council employees have supplied in previous correspondence.

Schedule B – Options for Dealing with Habitual or Vexatious Complainants

The options below can be used singularly or in combination depending on the circumstances of the case and whether the complaint process is ongoing or completed:

- A letter to the complainant setting out responsibilities for the parties involved if the Council is to continue processing the complaint. If terms are contravened, consideration will then be given to implementing other action as indicated below.
- Decline contact with the complainant, either in person, by telephone, by fax, by letter, by email or any combination of these, provided that one form of contact is maintained. This may also mean that only one named officer will be nominated to maintain contact (and a named deputy in their absence). The complainant will be notified of this in person.
- Notify the complainant, in writing, that the Council has responded fully to the points raised and has tried to resolve the complaint but there is nothing more to add and continuing contact on the matter will serve no useful purpose. The complainant will also be notified that the correspondence is at an end, advising the complainant that they are being treated as a habitual or vexatious complainant and as such the Council does not intend to engage in

further correspondence dealing with the complaint.

- Inform the complainant that in extreme circumstances the Council will seek legal advice on habitual or vexatious complaints.
- Temporarily suspend all contact with the complainant, in connection with the issues relating to the complaint being considered habitual or vexatious, while seeking legal advice or guidance from its solicitor or other relevant agencies.

Policy Details:

Council's Policy, and conditions, as reflected in the conditions attached to the Delegation (and sub delegation) are:

Introduction / background

1. Requests for Electronic Attendance at Meetings

- 1.1 Requests for electronic attendance at meetings must be made in accordance with Regulation 14C(2): 2.19

A request for electronic attendance at an in-person meeting is to be made via the 'Request for Electronic Attendance at a Meeting Form':

- Is to be provided to the Shire President,
- Where the Shire President is unavailable to approve a request, the request is to be considered by Council (the request is to be moved, seconded and approved);

- Where the Shire President rejects a request, the requester may ask Council to re-consider the request; and
- The Shire President may refer their own request to the Deputy Shire President, [S5.34 of the Act]; or alternatively, may refer the request to Council for decision.

1.2 Where a request meets the following criteria, approval will not be unreasonably withheld:

- The electronic means of instantaneous communication, and the location and equipment from which the Member seeks to attend the meeting, are determined as suitable for the Member to effectively engage in deliberations and communications throughout the meeting [Admin.r.14C(5)],
- The Member has made a declaration prior to the meeting, or that part of the meeting, that will be closed, that confidentially can be maintained. In the absence of such a declaration, the Member is prohibited from participation in the meeting, or that part of the meeting, that is closed [Admin.r.14CA(5)]; and
- The approval does not exceed prescribed limitations for the number of meetings attended by that Member by electronic means [Admin.r.14C(3) and r.14C(4)].

1.3 Requests for electronic attendance at briefings and workshops are not legislated, however are covered by this Policy. If a Member intends to attend an unlegislated meeting such as a briefing or workshop, electronically, they do not need to ask for permission but should advise the CEO's office at their earliest convenience to ensure the appropriate videoconferencing equipment is made available and tested prior to the meeting.

1.4 Requests for electronic attendance should be made preferably two business days prior to the meeting, briefing or workshop for which electronic attendance is being requested.

1.5 All requests for electronic attendance should specify the location from which the member wishes to attend the meeting and the equipment the member intends to use to attend the meeting.

1.6 Requests for electronic attendance at Ordinary Council Meetings are to be made by email to the Shire President and copied to the CEO, as early as possible, so that the application may be considered, and arrangements made to accommodate the request, if approval is given.

1.7 Requests for electronic attendance at Committee Meetings are to be made by email to the Shire President and copied to the Committee Chairperson and the CEO, as early as possible, so that the application may be considered, and arrangements made to accommodate the request, if approval is given.

1.8 Approval to attend a meeting electronically will be provided via return email from the Shire President, with a copy to all other Council Members, and relevant employees.

1.9 Should the application for electronic attendance at a meeting meet the requirements for approval as specified in this policy, and approval for electronic attendance is denied by the Shire President, the member may seek approval of the Council.

1.10 Records of requests and decisions about requests must be retained:

- Where the Shire President makes the decision, the record is retained as a Local Government record (e.g. email communication) in accordance with the Shire's Recordkeeping Plan and Records Management Policy; and
- Where Council makes the decision, the decision must be recorded in the minutes
- The CEO shall ensure that necessary administrative and technological support is readily available to facilitate attendance by electronic means at any meeting, on the basis that approvals may be given at any reasonable time prior to commencement of the meeting by the Shire President or during the meeting itself by Council for a Council meeting.

1.11 Where a request meets the following criteria, approval will not be unreasonably withheld:

- The electronic means of instantaneous communication, and the location and equipment from which the Member seeks to attend the meeting, are determined as suitable for the Member to effectively engage in deliberations and communications throughout the meeting [Admin.r.14C(5)],
- The Member has made a declaration prior to the meeting, or that part of the meeting, that will be closed, that confidentially can be maintained. In the absence of such a declaration, the Member is prohibited from participation in the meeting, or that part of the meeting, that is closed [Admin.r.14CA(5)]; and
- The approval does not exceed prescribed limitations for the number of meetings attended by that Member by electronic means [Admin.r.14C(3) and r.14C(4)].

2. Requirements for Approval

2.1 There is no limit to the number of meetings that can be attended electronically due to a public health emergency, state of emergency or a natural disaster (regulation 14(2)(a)).

2.2 For Ordinary Council Meetings, Special Council Meetings and Committee Meetings, the member's electronic attendance at the proposed meeting under r14(2)(b) of the Regulations must not result in the member attending more than half of the meetings (including the proposed meeting) of the Council or Committee in the relevant period under an authorisation under r14(2)(b) of the Regulations. This cap does not apply to a member who is a person with a disability as defined in s3 of the Disability Services Act 1993.

2.3 There is no cap on electronic attendance for Information Sessions and workshops, however physical presence is encouraged, particularly for meetings that require a high level of collaboration and involvement.

2.4 The CEO's office will record electronic attendance on the Attendance register and will advise the Shire President or Council if the requester is eligible for electronic attendance based on the percentage of meetings the person has attended electronically under Regulation 14C(2)(b).

2.5 In approving the request, the Shire President or Council must have regard to whether the location from which the member wishes to attend the meeting and the equipment the member intends to use to attend the meeting are deemed suitable for the member to be able to effectively engage in deliberations and communications during the meeting, in line with the provisions of this Policy.

2.5.1 Suitable Locations

- Locations within Australia and its Territories are suitable for electronic attendance.
- Due to increased cyber security risks with overseas communications networks, attendance from international locations generally will not be approved.
- The location from which the member attends must be indoors, quiet, and private.
- If other people are present at the location at the time of the meeting, the member must be able to close a door in order or take other measures required to minimise noise and maintain privacy

3. Electronic Means

3.1 The electronic means for all electronic meetings will be set up by the CEO's office, using a software or web-based application approved for use by the Shire.

3.2 CEO's office will include the details of how to connect to all meetings electronically on the Outlook calendar invite for that meeting.

4. Suitable Networks and Equipment

4.1 Members attending meetings electronically must connect through a suitable network and using suitable equipment.

4.2 Suitable networks include private home internet and WIFI, or a mobile hotspot from a trusted personal mobile device.

4.3 Due to increased cyber security risks, public WIFI is generally not considered to be a suitable connection for electronic attendance (this includes connections at cafes, airports, hotels, and restaurants).

4.4 Suitable equipment for attending electronic meetings includes Shire provided devices (e.g. tablet or laptop) or a personal computer or laptop with a video camera. Mobile phones are generally not considered to be suitable for attending meetings electronically.

4.5 It is recommended that remote participants use fully charged headphones with at least 3 hours talk time during the meeting.

5. Maintaining Confidentiality During the Meeting

- Regulation 14CA(5) requires that a ‘Member must not attend the meeting or the closed part of the meeting unless, before the meeting, or the part of the meeting, is closed, the Member declares that the Member can maintain confidentiality during the meeting or the closed part of the meeting (as the case requires)’.
- If the Member makes the declaration and subsequently cannot maintain confidentiality, the Member must leave the meeting or the closed part of the meeting (Regulation 14CA(6)).
- A Member’s declaration must be recorded in the minutes of the meeting (Regulation 14CA(7)).

5.1 This declaration must be recorded in the minutes of the meeting and should be worded as follows: “I [Member Name], declare that I am able to maintain confidentiality during the closed part of this meeting. If I am no longer able to maintain confidentiality, I will excuse myself from the meeting.”

5.2 Should the member make the above declaration and subsequently cannot maintain confidentiality; they must leave the meeting or the closed part of the meeting.

5.3 The declaration is to be made before the meeting goes behind closed doors.

5.4 Relevant clauses above apply to all attendees of meetings where the entire meeting is held by electronic means.

Legislative Reference: Local Government Act s6.12, 6.49, 6.64, 6.69, 6.71, 6.74 (and others)

Relates to: Delegation 1.2.26, 1.2.27, 1.2.28, 1.2.29 and 1.2.30.

Sub Delegation: 1.2.26a, 1.2.27a, 1.2.28a, 1.2.29a and 1.2.30a

Policy Objectives

To ensure that:

- there is consistency in the advice given to ratepayers about the payment of rates and the recovery of outstanding rates,
- in accordance with the Local Government Act 1995, charges relating to rates may be paid using instalments options within a prescribed timeframe,
- where payments are made outside the required timeframes, interest rates will apply,
- if a payment option and/or a payment arrangement is made with the Shire then an administration fee will apply.

Policy Scope:

This policy outlines the requirements for rates recovery and in relation to rates charges within the Shire of Coolgardie.

Policy Statements:

This Policy to be read in conjunction with Policy 3.19 Financial Hardship.

Recovery of Rates and Charges

Instalments

- Council will accept that there are ratepayers who cannot meet the 2 or 4 mandatory instalment options as provided under s6.45 of the Local Government Act 1995.
- Council may accept by application an alternative payment schedule (henceforth call the 'Direct Debit Agreement').
- For such an Agreement to be considered an Instalment Arrangement Form is to be completed and returned to Council.
- The proponent is to specify the frequency of payments with the nominated amount sufficient to fulfil the rates and charges levied within a financial year.
- Upon written acceptance of an Agreement by Council, written confirmation will be provided to the applicant. This formalises the agreement and will commit the ratepayer to the payment schedule.
- Verbal agreements shall not be accepted.

- Failure by the application to adhere to the payment schedule will result in the issue of a Final Notice for the total amount outstanding.

Final Notices

Final Notices will be issued during a period generally not exceeding 30 days after the due date of a notice for payment of rates.

Such notice will be issued when:

- No payment has been made,
- Insufficient payment to cover the first instalment has been made; or
- Where there is no current valid instalment option (i.e., persons who have paid their first instalment option late).

Final Notices will indicate that:

- Rates are now in arrears,
- That penalty interest is being charged at the rate set by Council; and
- That legal action may be taken without further notice, which will add extra costs onto the outstanding account.

Final Notices will not be sent to registered pensioners.

Letter of Demand

General and other Property - A Letter of Demand will be issued no later than 30 days after the final notice of current financial year to all owners of property (excluding pensioners) who have failed to make any payment within the financial year, and who have not contacted Council to make any special arrangement for payment or have defaulted on an approved payment option.

Issue of Summonses

Following completion of Letter of Demand:

- Rates remaining unpaid after the expiry date shown on the Letter of Demand will be examined for the purpose of determining whether a summons will be issued.
- Council may employ the services of a Collection Agent or Solicitor(s) to issue General Procedure Claims to those ratepayers who failed to pay by the date indicated upon the Letter of Demand.
- Costs incurred because of the issue of a General Procedure Claim will be applied to the ratepayers' assessment immediately upon receipt by Council of such costs – refer s6.56 of the Act.
- Following the issue of a General Procedure Claim, a reasonable offer to discharge a rate account (inclusive of the costs incurred through the issue of the General Procedure Claim) will not be refused.
- Where a General Procedure Claim has been issued and remains outstanding, action will be taken to pursue that summons by whatever means necessary to secure satisfaction of the debt.
- Legal proceedings will continue until payment of rates and any other outstanding costs

are secured. This includes the issue of a Warrant of Execution against goods and land if necessary.

- In cases where the owner of a leased or rented property on which rates are outstanding cannot be located or the owner refuses to settle amounts outstanding, notice will be served on the lessee. The lessee will then under the provisions of s6.60 of the Local Government Act 1995, be required to pay Council any rent due until such time as the amount in arrears has been fully paid.

Sale of Property for nonpayment of Rates

The Chief Executive Officer is delegated authority (at Register of Delegations 1.2.28) to initiate sale of property for non-payment of rates as per subdivision 6 of the Local Government Act 1995, and to take action against land where rates or services charges are unpaid.

Payment of Rates and Charges

The following payments options, timeframes, discounts, charges, and interest rates shall apply to rates, overdue payments, and payment options.

Payment Options

Option 1 - One Payment

One payment in full of rates and other charges plus 35 days following issue of rate entry into the rate incentive prize draw.

Option 2 - Two Payments (50% each)

1st Instalment - 35 Days following issue of rate notice,

2nd Instalment - 63 Days after due date of 1st Instalment

It is mandatory pursuant to s6.45 of the Local Government Act to provide an option for four equal instalments. Where a ratepayer elects to pay by instalments, an interval of at least 2 months must be given between the second and subsequent instalments.

Option 3 - Four Payments (25% each)

1st Instalment – due 35 Days following issue of rate notice,

2nd Instalment - 63 Days after due date of 1st Instalment

3rd Instalment - 63 Days after due date of 2nd Instalment

4th Instalment - 63 Days after due date of 3rd Instalment

Rates due from previous years, i.e., rate arrears, will also attract late payment charges, calculated at the rate set in the annual budget if they remain unpaid.

Policy Number 3.03 Rates Exemption

Legislative Reference: Local Government Act 1995, s6.26 (2)

Relates to: Delegation NA Sub Delegation NA

Policy Objective:

In accordance with the Local Government Act 1995, s6.26 (2) describes land that is not rateable land and as such is exempt from general rates without being referred to Council for determination.

In the situation where a rateable property is being leased to a Not-for-Profit (NFP) Community Group (including Sporting Associations) that meets Councils' rate exemption criteria, consideration will be given to providing a rate exemption proportional to the area leased by the NFP tenant. By meeting the specified criteria, the entity is deemed eligible for rate exemption.

Policy Scope: This policy sets specific criteria that must be met by those entities that are not covered under s6.26 (2) who are seeking a general rate exemption.

Policy Statement:

The following criteria must be met before consideration is given to the eligibility for a general rate exemption.

Rate Exemption Application Form:

- Organisations need to provide clear and concise information regarding the nature of their activities to illustrate eligibility. Supporting documentation must accompany the application for the application to be assessed non-exempt charges must be paid in full at the time application is made. A refund will be made to the applicant if approved.
- The organisation must be an incorporated body as per the Associations Incorporated Act 1987.
- The organisation must own or have the vesting of the property on which rates are levied. If the rateable property is being leased, the organisation must be responsible for the payment of rates under their leasing agreement.
- Where the organisation operates commercial activities from the property, the organisation must show what portion of the property is being used for the commercial activities. The portion of the property being used for commercial purposes will not attract a Rate Exemption.
- The organisation must not hold a liquor license (issued under the Liquor Licensing Act 1988) for the provision of alcohol for sale to the public for profit.
- The Chief Executive Officer has delegated authority to approve applications that meet all the eligibility criteria.
- Those that hold a liquor license are only exempt to a 50% rates exemption.
- All approved applications will remain in force for a maximum period of two (2) years unless otherwise advised then the applicant must reapply.

- Where an organisation, that has been granted a general rates exemption, changes its method of operation, and that change would result in the organisation being precluded from exemption eligibility, the organisation must immediately inform the Shire of the change. An example would be where an organisation commences commercial activities from the property address.
- Applications shall be determined within 30 days of receipt of the original application and or any additional information requested, whichever is the later.
- A summary of all approved applications shall be presented to Council annually prior to the annual budget deliberations.
- All rates and charges will be levied each financial year whilst the rates exemption is in place. All charges will be included in the annual rates notice. Once the organisation has paid all non-exempt charges (i.e., sewerage, ESL, sanitation), the exempted amount (i.e., rates levied) will credited back onto the property.

Example:

Rates Levies

\$1000.00 Sewerage

\$200.00 Sanitation

\$200.00 ESL

\$100.00

Total rates levied \$1,500.00

Therefore, in this example the amount of \$500.00 (sewer, ESL & bin charges) must be paid before the credit of \$1,000.00 (i.e., rates levied) is applied to the property.

The Shire will provide written notification to organisations when general rates exemptions have been granted each year. For any two (2) year approvals, organisations will receive written notification advising their rate exemption is due to expire and will be invited to lodge a new application for the new rating year.

Definition

Not-for profit (NFP) Community Group is defined as an organisation of people who are formed (including a group that is incorporated under the Associations Incorporations Act) to promote a community or sporting activity which has a positive effect on the community of Shire of Coolgardie.

Policy Objective:

To provide direction for the ethical and effective management of the Shire's wide range of debtors.

Policy Scope:

This policy sets specific criteria that must be met by those entities that are not covered under s6.26 (2) who are seeking a general rate exemption.

The Policy should also be read in conjunction Policy 3.19 Financial Hardship.

Policy Statement:

Guidelines

The following guidelines provide direction for the ethical and effective management of the Shire's wide range of debtors:

- Management to establish and maintain appropriate credit limits and controls to ensure the risk of financial loss is properly managed,
- Access to credit should be limited to those circumstances where it is deemed an efficient method for collecting revenue or is legally required to be given,
- The provision of credit is not automatic, and credit may be suspended or withdrawn based on compliance of trading terms. Management will use their discretion to deny any delinquent debtor access to Council's services and facilities,
- Fees applicable to the debt collection process (excluding recoupable Legal Fees) are listed in the Shire's Schedule of Fees Charges as adopted by Council annually,
- Action for the writing off bad debts (other than rates or service charges) should only take place where all avenues for recovery have been exhausted or it becomes unviable to keep pursuing the debt,
- Unrecoverable debts (other than rates and service charges) up to the individual value of
- \$500 may be written off under Council delegation,
- Bad debts over \$500 (other than rates or service charges) are to be brought to Council for write off on an annual basis or more often if required,
- When a debtor is under serious hardship the Chief Executive Officer shall have the power to enter a special payment arrangement and to reduce or mitigate interest charges,
- The Shire should register as an unsecured creditor for debtors who go into administration where there is some likelihood of a settlement (excluding rate debtors but including Tenement

holders, as rates debt is secured against a property).

Debt Recovery

Recovery of Rate Arrears

The recovery of outstanding rates will be collected in a fair and timely manner. Rate notices are due for payment 35 days from date of issue in accordance with the Local Government Act 1995. Interest Amounts that remain outstanding past the prescribed due date will have interest applied. Interest is calculated on the number of days from the due date of payment until the day the payment is received by the Shire of Coolgardie. This includes overdue amounts where the debtor has elected to pay by an instalment option or special payment arrangement.

The Rate of interest to be applied will be published in the Shire's Schedule of Fees and Charges for the applicable year.

Accounts unpaid by the due date shown on the Rate Notice Where accounts remain outstanding after the prescribed due date, a Final Notice shall be issued requesting full payment within fourteen (14) days unless the debtor has entered a payment arrangement which has been agreed upon by both parties.

Final Notices are not to be issued to eligible persons registered to receive a pensioner or senior rebate under the Rates and Charges (Rebates and Deferments) Act 1992; as such persons have until 30 June of the current financial year to make payment, without incurring any penalty interest. Final notices will, however, be issued to registered pensioners or seniors where there are unpaid charges which are not subject to a rebate or deferment e.g.: rubbish collection charges.

Accounts unpaid after the expiry date shown on the Final Notice Where amounts remain outstanding after the expiry date shown on the Final Notice, recovery action will commence based upon a risk management approach as determined by the value and type of debt and may include such action as referral to Council's debt collection agency.

Lodging of a Caveat on Mining Tenements on Current Year Rates

Where rates remain outstanding on mining tenements after the issuing of a Letter of Demand and prior to legal action commencing, as a safeguard to protect Council's interest, a caveat pursuant to s122A of the Mining Act 1978 may be lodged to preclude dealings in respect of the mining tenement.

General Procedure Claim

Where a Demand Letter has been issued and remains unpaid and the ratepayer has not elected to enter an agreed special payment arrangement, a General Procedure Claim will be issued.

Property Sale and Seizure and Order

Where a General Procedure Claim has been issued and served and the amount remains outstanding fourteen (14) days after the service of the Claim, legal proceedings will continue until payment of rates is received. This includes Judgement and Enforcement of the Claim. Enforcement of the Claim may include a Property Sale and Seizure Order of goods and or land.

Seizure of Rent for non-payment of Rates

Where the property owner of a leased or rented property on which rates and service charges are outstanding, cannot be located or refuses to settle rates and charges owed, a notice may be served on

the lessee or tenant under s6.60 LGA 1995.

This requires the lessee or tenant to pay to the Shire the rent due that they would otherwise pay under the lease/tenancy agreement as it becomes due, until the amount in arrears has been paid.

Options to recover rates due where rates are in arrears for more than 3 years Lodging a Caveat on the

Title for Land

If rates and service charges which are due to Council in respect of any rateable land have been unpaid for at least three (3) years a caveat may be registered on the title for the land, under the provisions of s6.64 (3) Local Government Act 1995.

The approval of Council is required before this course of action is undertaken.

Sale of Property

If rates and service charges which are due to Council in respect of any rateable land have been unpaid for at least three years, Council may take possession of the land under the provisions of s6.64 Local Government Act 1995.

The approval of Council is required to be obtained before this course of action is undertaken.

Legal costs and other expenses All legal costs and expenses incurred in recovering outstanding rates and charges will be charged against the property in accordance with the Local Government Act 1995.

Recovery of Sundry and other Debtor Accounts

The recovery of outstanding sundry debtor accounts will be collected in a fair and timely manner.

The Shire of Coolgardie's credit terms are as outlined on the issued tax invoice:

- Where payment is not received within thirty (30) days from the date of the initial invoice, a First and Final notice shall be issued requesting full payment immediately unless the debtor has applied to enter a Special Payment Arrangement, subject to approval.
- Where the customer fails to pay the outstanding balance within sixty (60) days from the date of the initial invoice, and a special payment arrangement has not been entered, a Letter of Demand will be issued. This letter will give the customer a further seven (7) days to pay the outstanding balance in full and may incur a fee as shown in the Shire's Schedule of Fees and Charges, which will be charged to the Debtor,
- Where the customer fails to pay in full by the expiry of the period defined above, credit may be suspended, or services limited, and legal action may be commenced. Any legal or other costs incurred will be charged to the Debtor.

Interest

Where payment is not received within thirty-five (35) days from the date of the initial invoice, interest will be applied on money that remains outstanding.

Interest is calculated on the number of days from the due date of payment until the day the payment is received by the Shire of Coolgardie. Interest (percentage) charged on sundry debtors is the percentage as adopted at the annual budget meeting in accordance with s6.13 (1) of the Local Government Act 1995.

The rate as set under s6.13 (3) of the Local Government Act 1995 is not to exceed the maximum rate of interest as prescribed in r19A Local Government (Financial Management) Regulations 1996.

Sundry Debtors – bad debts

Where a sundry debtor has accounts unpaid for a period exceeding one hundred and twenty days (120 days) and:

- The debtor has moved, and all reasonable attempts to locate the debtor have been unsuccessful; or
- The debtor has provided documentary evidence to the Shire of having filed for Bankruptcy or Insolvency

Employees shall prepare a report for the Chief Executive Officer/Council listing the name of the debtor, the description of the debt, the amount outstanding, the period overdue and a reason for write off.

Bad debts will be recognised when the sundry debt is seen to be no longer commercially collectable.

Recovery of Infringement Debtors

Infringements are issued by authorised employees of the Shire of Coolgardie. There is no provision for part payments or payment arrangements with infringements due to making them un- enforceable with the Fines Enforcement Registry.

Where payment is not received within twenty-eight (28) days from the date of the infringement, a First Warning letter shall be issued requesting full payment within ten (10) days.

Where the customer fails to pay the infringement by the expiry of the period defined above, a Final Demand Notice will be issued, with an applicable fee. The final demand Notice gives the customer a further twenty-eight (28) days to pay the infringement.

Where the customer fails to pay the infringement by the expiry of the period defined above, the infringement is referred to the Fines Enforcement Registry where further charges will be incurred.

Referrals to the Fines Enforcement Registry for action, may result in an individual's license being suspended.

Recovery of debts resulting from construction of fire clearances

Under the Bush Fire Act, the Shire may charge property owners for the construction of a firebreak when they fail to provide one themselves. Any infringement issued is separate and in addition to the charge for firebreak construction. An invoice will be issued for the construction debt and will be subject to Recovery of Sundry Debtor Accounts.

If the account remains unpaid for a period exceeding one hundred and twenty (120) days, or if the property is listed for sale within that period, the debt will be transferred against the debtor's property and collected in accordance with Recovery of Rate Arrears.

Payment Arrangements

Ratepayers or other debtors, except infringement debtors, who are unable to pay a debt amount owing

to Council by the due date, may apply in writing to enter an arrangement with Council to make periodical payments by completing a Council issued payment arrangement form.

Arrangements are to be negotiated with the aim of recovering all arrears and the current year's charges within the current financial year. Payment will usually be made by a direct debit arrangement weekly, fortnightly, or monthly.

Where the ratepayer fails to adhere to a payment arrangement and has not contacted Shire employees to amend the current arrangement, recovery action will commence.

If legal action has been suspended due to the ratepayer entering into a payment arrangement and the agreement has not been met by the ratepayer, the legal action will be reactivated at the level when the suspension took place.

Interest is chargeable on debts being repaid under a payment arrangement, also set up charges are payable in accordance with Shire's Schedule of Fees and Charges. A payment arrangement cannot be entered into verbally by any party.

Serious Hardship and/or exceptional Hardship Circumstances

If a rate payer or other debtor is experiencing financial hardship due to rates and charges or other amounts owed to the Shire, they can submit a written application to the Chief Executive Officer to enter a negotiated 'Special Payment Arrangement' detailing the "Serious Hardship" and/or "Exceptional Hardship/Circumstances" to warrant the Shire's consideration and lenience in accordance with Council's Debtors Management Guidelines.

Roles and Responsibilities

The Chief Executive Officer shall be responsible for the application of delegations of authority regarding the policy.

The Senior Finance Officer shall be responsible for the review and monitoring of the operations of the policy.

Policy Number 3.09 Haulage Campaigns

Legislative Reference: s132(4) Road Traffic (Administration) Act 2008

Relates to: Delegation NA Sub Delegation NA

Policy Objective:

This Policy outlines the condition for use of Shire roads for haulage campaigns.

Policy Scope:

This policy applies to haulage campaigns within the Shire Coolgardie.

Policy Statement:

The following conditions (but not limited to) are to be used to assess the suitability of Shire roads for haulage campaigns and offer standards of construction that can be applied by the operator for consideration by Council.

Definitions:

This document should be read in conjunction with Shire of Coolgardie Policy 3.12 Heavy Vehicles Conditions for use on Shire Roads.

Austroads and Australian Road Research Board (ARRB) guidelines, will be used as the operator guidance documents for construction standards, in conjunction with the RAV network Category listing for construction specification.

Other documentation listed in the GUIDELINES of this document will be used to assess suitability of existing or design route.

Other relevant standards endorsed by the Institute of Engineers, or a relevant professional reputable body may be considered to the satisfaction of the Shire of Coolgardie.

The Term “Operator” means the owner of the mine

Purpose

The document has been created to inform the operators and haulage campaign users of the conditions of the use of Shire of Coolgardie Road networks.

This document will allow progressive contributions by the operator towards providing safe and appropriate roads and maintain Shire asset without undue impact on the deterioration or preservation of the Shire Road network in its entirety.

Heavy Vehicle Cost Recovery Contribution

Where the Shire proposes to enter into an agreement in accordance with s132(4) Road Traffic (Administration) Act which provides – “A person against whom expenses are or may be recoverable under this section may enter into an agreement with the road authority for payment to it in respect of heavy traffic, and on making the payment as agreed the person is not to be subject to any proceedings under this section.”

The Shire will request either:

- \$0.07 (07 cents) as a capital contribution per tonne per kilometre travelled on Shire of Coolgardie Road Networks from the operator
- \$0.04 (04 cents) as a maintenance Contribution per tonne per kilometre travelled on Shire of Coolgardie Road Networks from the operator

The cost recovery unit shall apply to all vehicle movements over the full term of the carting campaign as listed on the application and be issued and reviewed annually. Alternatively, the operator may wish to enter into an alternate agreement with the Shire, providing satisfaction of Austroad construction guidelines and appropriate consideration by the Council.

This agreement could include the provision of capital and/or maintenance of the road during the period of the haulage campaign.

Contribution will be allocated to the area of use only, unless otherwise agreed by both parties, and spent on the route in an area decided by Council or its designated officer as being appropriate.

Capital contribution to the road will be used where a capital upgrade is required. If the roadway becomes damaged by the operator under any conditions of use, contributions will be used to repair fair damage and deterioration.

Once contributions are exhausted, if the road becomes further damaged the Shire reserves the right to close the road as per the Local Government Act 1995, until the road is repaired by the person or body who caused that damage, or further contribution is made to repair damage not provided under the annual or other agreement.

Application process

Long Term Campaign

Where a cartage campaign exceeds 25,000 tonnes or 100 return trips in any annual period, or more than six return trips in any week or part thereof; the operator needs to apply to the Shire of Coolgardie for use of the Shire of Coolgardie road network. The decision on Long Term Campaigns will be made by the Council subject to an agreement between the Operator and the Shire.

Short Term Campaign

Where a cartage campaign does not exceed 25,000 tonnes or 100 return trips in any annual period, the operator needs to apply to the Shire of Coolgardie for use of the Shire of Coolgardie road network. The CEO has authority to deal with Short Term Campaigns.

The Operator is to provide:

- a digital plan, in a format compatible with Shire of Coolgardie computer systems, of their proposed route.
- total annual tonnage, as reported to the Department of Mines and Petroleum, or figures supplied as audit for taxation figures.
- the number plate numbers of each prime mover in use, and a letter head with date of expiry will be issued to each vehicle that forms part of the agreement.

Requirements

Based on the Shire's road construction cost an average cost (as per point 2 Heavy Vehicle Cost Recovery Contribution) will be applied per tonne per kilometre travelled on Shire of Coolgardie road network for capital construction and/or maintenance:

- The Shire, unless otherwise stipulated in an agreement with the Shire, will not undertake watering of haulage routes, and watering will remain the responsibility of the operator, other than required as part of construction.
- All watering of haulage routes will be undertaken by the operator daily whilst the haulage campaign is in progress.
- Dependent on the complexity of the project, the Shire may request that all survey and design works are to be supplied as part of the project or negotiate the cost of the works as part of an agreement, to be fully recovered from the operator.
- On formation of a suitable agreement resulting from negotiations between the operator and the CEO, the agreement will be presented to Council for consideration. Council reserves the right to agree or disagree with the agreement and vary the agreement accordingly.
- If Council recommend agreement, the principal will be notified, and a copy of the formal recommendation will be supplied. If the operator in any way breaches the agreement, the CEO has the right to terminate the agreement and the approval with no recourse or penalty to the Shire of Coolgardie.
- If as part of agreement negotiations, it is considered that the principal shall progress any maintenance or construction works, the responsible party will ensure adherence to all normal conditions of work on a road reserve, ensuring insurances, certificates of currency, induction to works on a road reserve, and provide and implement a traffic management plan to the area of works. The traffic management plan to be created by an appropriately qualified and accredited person.
- The Shire of Coolgardie has requested network conditions, Condition CA07, be placed on the RAV network. The requirement is for all haulage companies to carry written approval from the local government authority permitting use of the road in accordance with network conditions. The Shire of Coolgardie is responsible for the administration of Condition CA07 on local roads. The Operator's responsibility is to ensure the haulage company carry's written approval from the local government authority permitting use of the road.

- Local Government Act 1995, Subdivision 5 – Certain provisions about thoroughfares

Policy Number 3.14 Naming of Shire Streets and assets

Legislative Reference: Surveillance Devices Act 1998, State Records Act 2000

Relates to: Delegation NA Sub Delegation NA

Policy Objective:

The purpose of this Policy is to assist the Shire to appropriately deal with and assess proposals to name a Shire Road or Shire Asset.

Policy Scope:

This Policy applies to the naming of Shire Roads and Shire Assets, inclusive of the entire asset or specific portion/s of it, which require a determination for naming.

Policy Statement Naming Considerations

- Council may consider naming a Shire Asset in honour of persons considered to be pioneers, persons who have made an outstanding humanitarian contribution or who, in the opinion of the Council, are worthy of such an honour. This may also be in acknowledgment of events of historical, environmental, or cultural significance or collective community action.
- Where personal names are used, the person commemorated should preferably be recognised in memoriam.
- To facilitate ease of geographical identification and identification of purpose, where possible a locality name and purpose should be associated with the naming of a Shire Asset, even when it is determined that an honorary name will be applied.
- In general terms, naming should use the form, spelling and style of contemporary Australian English or a recognised Australian Aboriginal language local to the area of the feature.
- Where applicable and always in the first instance, naming guidelines as set out in Policies and Standards for Geographic Naming in Western Australia will be adhered to. The Shire must apply to Landgate for the naming of Shire Roads.
- Renaming will only occur in an extraordinary case or where a name is no longer deemed appropriate.
- The use of Aboriginal names and words for naming features are a way of recognising the different enduring cultural and language groups. Names originating from an Australian Aboriginal language local to the area must be written in a standard recognised format and their use shall be endorsed by the recognised local community. Evidence of this endorsement must be included with the naming proposal.
- A proposal to name a significant Shire asset can be put forward to Council for consideration by:
 - a Council member by way of a notice of motion,
 - an employee via a report to Council,
 - a member of the public via a submission to the CEO; or

- users of a facility via a submission to the CEO
- Any proposal to name a significant Shire Asset will include:
 - details of the proposed Shire Asset to be named,
 - proposed name; and
 - justification for the proposal.
- Through its consideration Council may endorse the name or determine that the proposal requires further community consultation.

Criteria for Assessment for Personal Recognition

- A request to name a Shire Asset after a person shall be assessed against the following criteria:
 - whether the person being honoured has been instrumental in the development of the Shire asset or activities to be undertaken or contributed in a significant way to the Shire asset,
 - the views of the community with respect to honouring the person or event after which the Shire asset is proposed to be named,
 - the length of residency of the person proposed. For the purposes of guidance, residency of ten (10) years or more in a relevant location is likely to qualify a person for further consideration,
 - the contribution made by the person to the local community through areas such as education, representation on Council or another level of government, volunteering, association with local sporting or service club or through business development. A significant contribution could include:
 - ✓ two (2) or more terms of office on the local government Council,
 - ✓ twenty (20) or more years association with a local community, sporting, or service club,
 - ✓ action by an individual to protect, restore, enhance, or maintain an area that produces substantial long-term improvements for the community of area; or
 - ✓ evidence of works undertaken being of a pioneering nature for the benefit of the community.

Policies and Standards for Geographic Naming in Western Australia

 - names should not be a duplication (within 50km radius of each other),
 - inappropriate names should not be used including but are not limited to:
- obscene, derogatory, racist or discriminatory names:
 - incongruous names; and
 - company or commercial names.
- preferred sources of names include:

- Aboriginal names

- thematic names, including flora, etc.
- In addition, the naming of Shire Roads or Shire Assets:
 - must not risk public and operational safety for emergency responders, or cause confusion for transport, communication, and mail services,
 - should be reasonably easy to read, spell and pronounce; and
 - must avoid a duplication of names which are spelt or pronounced the same or similar within the local government area.
- The Shire maintains an approved list of Shire Road names and any application for a name that does not appear on the approved list, must include supporting documentation / justification prior to the Shire forwarding complying proposals to the Geographical Names Committee (GNC).
- The Shire may, in certain special circumstances, support an application for naming of a Shire Road that departs from the Policies and Standards for Geographic Naming in Western Australia GNC guidelines. A proposal that departs from the GNC guidelines must:
 - demonstrate exceptional circumstances warranting special consideration,
 - be particularly beneficial for the District,

Safe System means a road safety approach adopted by National and State Government to generate improvements in road safety. The Safe System approach is underpinned by three guiding principles: people will always make mistakes on our roads but should not be killed or seriously injured consequently; there are known limits to the forces the human body can tolerate without being seriously injured; and the road transport system should be designed and maintained so that people are not exposed to crash forces beyond the limits of their physical tolerance.

Specialist Advisor means a person approved by the client who provides independent specialist advice to the audit team, such as, road maintenance advisors, traffic signal specialists, police advisors and individuals with specialist local knowledge.

Policy Statement

This policy requires that the following commitments be adopted as part of a strategic framework for the implementation of road safety audit principles and practices in the planning and development of infrastructure within the Shire of Coolgardie.

Background

In accordance with the Australian National and the Western Australia State Road Safety Strategies this policy adopts a Safe System approach to the delivery of a road safety audit service by placing emphasis on fatal and serious crash risk.

The road safety audit process is an assessment of road engineering projects and as such the Safe System sphere of influence is limited to two of the four cornerstones of the Safe System approach, namely, Safe Roads and Roadsides, and Safe Speeds.

This is to be achieved by focusing the audit process on considering safe speeds and by providing forgiving roads and roadsides. This is to be delivered through the Road Safety Audit process by accepting that people will always make mistakes and by considering the known limits to crash forces the human body can tolerate with the aim to reduce the risk of fatal and serious injury crashes.

A road safety audit is a formal examination of a future road or traffic project in which an independent

qualified team reports on potential crash occurrence and severity which may result from the introduction of the project.

Road safety audits are a proactive process to prevent the occurrence of road crashes. The road safety audit process provides project managers with a powerful mechanism to identify potential crash risk in the delivery of infrastructure projects and aims to reduce the risk of trauma and crashes on the road network.

In the implementation of this policy the road safety audit approach to be taken is: that it is not acceptable that any human should die or be seriously injured on the Western Australia road network, and specific road safety audit findings shall be highlighted in this regard.

Application

Road safety audits and road safety inspections must be conducted in accordance with the Austroads Guide to Road Safety Part 6: Road Safety Audit, and Main Roads Western Australia and Institute Public Works Engineering Australasia (WA division) complimentary checklists and procedures.

The road safety audit process must be completed using the Main Roads / IPWEA-WA road safety audit report template provided on the [Road Safety Audit Portal](#) website.

All road safety audits must be repeated if the project design materially changes, if there are many minor changes which together could impact on road user safety, or if the previous road safety audit for the relevant stage is more than 3 years old. Should a project not begin the next stage in its development within 3 years of the completion of the previous audit, the project must be re-audited. This is to ensure that due consideration is given to the project's interface with the existing road network.

Road Safety Audits will be conducted by an external Road Safety Audit Team.

Road Safety Audit Team

- All road safety audit teams must comprise a minimum of two members.
- All audit teams must be led by a suitably qualified and experienced Western Australia IPWEA/Main Roads Accredited Senior Road Safety Auditor and shall be listed on the Road Safety Audit Portal so that the maximum emphasis is placed on road safety engineering and Safe System principles,
- All audit team members must be Western Australia IPWEA/Main Roads Accredited Road Safety Auditors and shall be listed on the Road Safety Audit Portal.
- Specialist advisors, such as, Police advisors or technical experts can assist the audit team by providing independent specialist advice on particular aspects of a project. There is no requirement for a specialist advisor to be an Accredited Road Safety Auditor. Specialist advisors shall be listed as an "Advisor" in the audit report and shall not be listed as a team member.
- The audit team shall include a Local Government officer, (they can be a specialist advisor).

Team Leaders/Members shall excuse themselves from participation in the audit if:

- They have had any involvement in planning, design, construction, or maintenance activities for road infrastructure for the project.

- They perceive any possibility of duress or coercion by their employer or employer's staff in relation to the audit.

Persons not accredited as a Road Safety Auditor or do not have relevant specialist skills may still participate as an observer if invited to do so by the Team Leader.

Existing Roads

Road safety inspections shall be undertaken for existing intersections or road sections where there is a traffic management or road safety concern, at the discretion of the Shire of Coolgardie.

Close out

The Asset Owner, Project Owner, Project Coordinator, or the delegated representative shall complete the Corrective Action Report within one calendar month and arrange for the completed and signed report to be recorded on the [insert organisation] records system and a copy forwarded to the audit team leader.

The Asset Owner, Project Owner, Project Coordinator, or the delegated representative shall be responsible for the proposed actions and comments resulting from the Corrective Action Report.

Policy Number 3.16 Related Party Disclosures

Legislative Reference: Local Government Act 1995 – Part 6, Local Government (Financial Management) Regulations 1996

Relates to: Delegation NA, Sub Delegation NA, Authorisation 11.16

Policy Objective:

To define the Shire's approach to Related Parties matters.

Policy Scope:

This policy details the process to follow for Related Party Disclosures.

Policy Statement:

Principles

Objectives

The scope of AASB 124 Related Party Disclosures was extended in March 2015 to include application by not-for-profit entities, including local governments.

The operative date for Local Government is 1 July 2016, with the first disclosures to be made in the Financial Statements for year ended 30 June 2017.

This procedure outlines required mechanisms to meet the disclosure requirements of AASB 124.

The objective of the standard is to ensure that an entity's financial statements contain disclosures necessary to draw attention to the possibility that its financial position and profit or loss may have been affected by the existence of related parties and transactions.

The disclosure requirements apply to the existence of relationships regardless of whether a transaction has occurred or not. For each financial year, the Shire must make an informed judgement as to who is a related party and what transactions need to be considered, when determining if disclosure is required.

The purpose of this procedure is to stipulate the information to be requested from related parties to enable an informed judgement to be made.

Identification of Related Parties

AASB 124 provides that the Shire will be required to disclose in its Annual Financial reports, related party relationships, transactions, and outstanding balances.

Related parties include a person who has significant influence over the reporting entity, a member of the key management personnel (KMP) of the entity, or a close family member of that person who may be expected to influence that person.

For the purposes of determining the application of the standard, the Shire has identified the following persons as meeting the definition of Related Party:

- a) A council member

- b) Key management personnel are defined as persons having authority and responsibility for planning, directing, and controlling the activities of the entity, directly or indirectly
- c) Close members of the family of any person listed above, including that person's child, spouse or domestic partner, children of a spouse or domestic partner, dependents of that person or person's spouse or domestic partner.
- d) Entities that are controlled or jointly controlled by a Council member, KMP or their close family members. (Entities include companies, trusts, joint ventures, partnerships, and non-profit associations such as sporting clubs).

The Shire will therefore be required to assess all transactions made with these persons or entities.

Identification of Related Part Transactions

A related party transaction is a transfer of resources, services, or obligations between the Shire (reporting entity) and the related party, regardless of whether a price is charged.

For the purposes of determining whether a related party transaction has occurred, the following transactions or provision of services have been identified as meeting this criterion:

- a) Paying rates,
- b) Fines,
- c) Use of Shire owned facilities such as [Coolgardie Community Centre and Sporting Grounds, Coolgardie Community Resource Centre, Library, Coolgardie Fuel Facility, parks, ovals, and other public open spaces (whether charged a fee or not)],
- d) Attending Council functions that are open to the public,
- e) Employee compensation whether it is for KMP or close family members of KMP,
- f) Application fees paid to the Shire for licenses, approvals or permits,
- g) Lease agreements for housing rental (whether for a Shire owned property or property sub-leased by the Shire through a Real Estate Agent),
- h) Lease agreements for commercial properties,
- i) Monetary and non-monetary transactions between the Shire and any business or associated entity owned or controlled by the related party (including family) in exchange for goods and/or services provided by/to the Shire (trading arrangement),
- j) Sale or purchase of any property owned by the Shire, to a person identified above,
- k) Sale or purchase of any property owned by a person identified above, to the Shire,
- l) Loan Arrangements,
- m) Contracts and agreements for construction, consultancy, or services

Some of the transactions listed above, occur on terms and conditions no different to those applying to the public and have been provided in the course of delivering public service objectives. These transactions are those that an ordinary citizen would undertake with council and are referred to as an

Ordinary Citizen Transaction (OCT). Where the Shire can determine that an OCT was provided at arm's length, and in similar terms and conditions to other members of the public and, that the nature of the transaction is immaterial, no disclosure in the annual financial report will be required.

Disclosure Requirements

For the purposes of determining relevant transactions in point 2 above, elected Council Members and key management personnel as identified above, will be required to complete a Related Party Disclosures - Declaration form for submission to financial services.

Ordinary Citizen Transactions (OCTS)

The following OCT that are provided on terms and conditions no different to those applying to the public and which have been provided in the course of delivering public service objectives, are unlikely to influence the decisions that users of the Council's financial statements make. As such no disclosure in the yearly Related Party Disclosures - Declaration form will be required.

- a) Paying rates
- b) Fines
- c) Use of Shire owned facilities such as [Coolgardie and Kambalda Recreation Centres and Sporting Grounds, Resource Centres, Libraries, parks, ovals and other public open spaces (whether charged a fee or not)]
- d) Attending council functions that are open to the public

Where these services were not provided at arm's length and under the same terms and conditions applying to the public, Council Members and KMP will be required to make a declaration in the Related Party Disclosures - Declaration form about the nature of any discount or special terms received.

All other Transactions

For all other transactions listed in point 2 above, Council Members and KMP will be required to make a declaration in the Related Party Disclosures - Declaration form.

Frequency of Disclosures

Council Members and KMP will be required to complete a Related Party Disclosures - Declaration form each year. Disclosures must be made by all elected Council Members immediately prior to any ordinary or extraordinary election. Disclosures must be made immediately prior to the termination of employment of/by a KMP.

Confidentiality

All information contained in a disclosure return, will be treated in confidence. Generally, related party disclosures in the annual financial reports are reported in aggregate and as such, individuals are not specifically identified.

Notwithstanding, management is required to exercise judgement in determining the level of detail to be disclosed based on the nature of a transaction or collective transactions and materiality. Individuals may be specifically identified if the disclosure requirements of AASB 124 so demands.

Materiality

Management will apply professional judgement to assess the materiality of transactions disclosed by

related parties and their subsequent inclusion in the financial statements. In assessing materiality, management will consider both the size and nature of the transaction, individually and collectively.

Appendix 1

Close Family Members

Close family members include:

- a child, spouse, or domestic partner,
- children of your spouse or domestic partner,
- dependents of you or your spouse or domestic partner,
- any other close family member,

who may be expected to influence, or be influenced by, your dealings with the council.

The following table may assist you in identifying your close family members:

A close family member	May be a close family member
Your spouse/domestic partner	Your brothers and sisters, if they could be expected to influence or be influenced by you in their dealings with council
Your children	Your aunts, uncles and cousins, if they could be expected to influence or be influenced by you in their dealings with council
Your dependents	Your parents and grandparents, if they could be expected to influence or be influenced by you in their dealings with council
Children of your spouse/domestic partner	Your nieces and nephews, if they could be expected to influence or be influenced by you in their dealings with council
Dependents of your spouse/domestic partner	Any other member of your family if they could be expected to influence or be influenced by you in their dealings with council

There may be relationships that a council has which are not identified in this appendix but still meet the definition of a related party.

Example: Cousin of Council member

A Council member for the Shire has lived in the Shire her whole life. In fact her family has been in the area for generations.

The Council member's cousin, owns and operates the local newsagent through a company ABC Pty Ltd, in which she owns 100% of the shares. The Council member and her cousin have always been close and regularly socialise together.

From these facts it would appear that the Council member's cousin is a close family member of the Council member because she would be expected to influence, or be influenced by, that person in her dealings with Council.

Both the cousin and the company she controls, ABC Pty Ltd would therefore be related parties of Council.

Any transactions that the Council makes with the newsagent would need to be separately identified and may need to be disclosed.

Control in entities

What is an entity that I, or my close family member, control or jointly control?

Entities include companies, trusts, incorporated and unincorporated associations such as clubs and charities, joint ventures, and partnerships.

You control an entity if you have

- a) power over the entity,
- b) exposure, or rights, to variable returns from involvement with the entity; and
- c) the ability to use your power over the entity to affect the amount of your returns.

To jointly control an entity there must be contractually agreed sharing of control of the entity, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

In some cases, it will be obvious that you or a family member control or have joint control over an entity. In other cases, it will be less clear.

In some cases, it will be obvious that you or a family member control or have joint control over an entity. In other cases, it will be less clear.

If you are unsure whether you, or a close family member, has control or joint control of an entity then you should contact the Chief Executive Officer for a confidential discussion.

Example: Clubs or other incorporated bodies

(A Shire Council member is the President of a local football club)

A Shire Council member is the President of Coolgardie Football Club Inc, the local football club. This club is overseen by a committee which comprises the President and four other committee members. Each member has a single vote when making decisions at meetings. The committee members are not related and do not have agreements to vote with one another. The club has over 100 members that each have a vote in electing the committee members at the club's annual general meeting.

From these facts the Council member does not control or jointly control the football club so it will not be a related

Other examples

Example 1 (Audit and Risk committee member)

Shire of Coolgardie Audit and Risk Committee comprises two Council Members and a local retired accountant, Fred. Fred has no other connection with the council.

The Audit and Risk Committee attends to the functions as required under the *Audit Regulations*. It does not make any decisions on behalf of the council but simply provides reports, with recommendations, for the Shire President and Council Members to consider.

Based on the facts outlined Fred would not be a KMP of council.

Example 2 (Son of CFO employed by council)

Shire of Coolgardie has recently employed Paul's son (George) in the Council's parks and garden's area. Paul is Council's Deputy Chief Executive Officer but was not involved in hiring George. This process was managed by the Director of Parks and Gardens and included an independent assessment process. Paul did not have any influence in George securing the job.

Paul has been identified as a KMP of council, which makes him a related party.

George will also be a related party of Council because he is a close family member of Paul. The recruitment process that was undertaken for George's position is irrelevant when assessing whether George is a related party.

Example 3 (Cousin of President - related party commonly known but omitted from declaration)

Shelley, the President of Shire of Coolgardie forgets to include her cousin Mavis, and Mavis' company, when she completes her KMP declaration.

It is commonly known in the community that Shelley and Mavis are close, and that Shelley would be expected to influence, or be influenced by, Mavis in her dealings with Council and vice versa.

Mavis and her company are related parties of Council, even though Shelley omitted them from her declaration.

Example 4 (Example of control)

Fred is the President of Shire of Coolgardie and owns 100% of the ordinary shares in Coolgardie's Development Company Pty Ltd (the company). The ordinary shares are the only shares in the company that have voting rights.

Fred controls the company because he has the power to affect the company's decisions and the return that he will get from the company.

Fred will need to include the company on his related party declaration.

Example 5 (Example of joint control)

Fred is the President of Shire of Coolgardie and owns 50% of the ordinary shares in Coolgardie's Development Company Pty Ltd (the company). Fred's brother Stan owns the other 50% of ordinary shares. Fred and Stan are the only Directors of the company and have equal voting rights on the board.

Fred and Stan have joint control of the company because any decisions require the unanimous consent of them both.

Fred will need to include the company on his related party declaration

Policy Statement:

Introduction / background

s5.39C of the Local Government Act requires the adoption of a policy regarding the employment of an acting CEO.

The Shire of Coolgardie has a delegation in place to the CEO to appoint the ACEO, with conditions on who may be appointed, and for what duration, without express Council approval.

Short term absences of the CEO can be managed by the latter appointing a suitable qualified acting CEO, without need of reference to Council.

Council is satisfied that the Deputy CEO has the knowledge, experience, qualifications, and skills necessary to effectively perform the duties and responsibilities of the position of Acting Chief Executive Officer.

Policy Number 3.19 Financial Hardship Policy

Relates to: Delegation 1.19, 1.22, 1.25 Sub Delegation 1.19a, 1.22a, 1.25a

Policy Objective:

To give effect to our commitment to support the whole community to meet the unprecedented challenges arising from the COVID19 pandemic, the Shire Coolgardie recognises that these challenges will result in financial hardship for our ratepayers.

This Policy is intended to ensure that we offer fair, equitable, consistent, and dignified support to ratepayers suffering hardship, while treating all members of the community with respect and understanding at this difficult time.

Policy Scope:

This policy applies to:

- Outstanding rates and service charges as at the date of adoption of this policy; and
- Rates and service charges levied for the 2020/21 financial year,
- Rates and service charges levied for the 2021/22 financial year, and
- All subsequent financial years, while a State of Emergency (of any kind, thus General State of Emergency, Public Health State of Emergency in place during 2020, 2021).

It is a reasonable community expectation, as we deal with the effects of the pandemic that those with the capacity to pay rates will continue to do so. For this reason, the Policy is not intended to provide rate relief to ratepayers who are not able to evidence financial hardship and the statutory provisions of the Local Government Act 1995 and Local Government (Financial Management) Regulations 1996 will apply.

This Policy applies while any State of Emergency has been declared and includes a General State of Emergency and a Public Health State of Emergency.

Policy Statement:

Payment difficulties, hardship, and vulnerability

Payment difficulties, or short-term financial hardship, occur where a change in a person's circumstances result in an inability to pay a rates or service charge debt.

Financial hardship occurs where a person is unable to pay rates and service charges without affecting their ability to meet their basic living needs, or the basic living needs of their dependents.

The Shire Coolgardie recognises the likelihood that COVID19 will increase the occurrence of payment difficulties, financial hardship, and vulnerability in our community.

This policy is intended to apply to all ratepayers experiencing financial hardship regardless of their status, be they a property owner, tenant, business owner etc

Anticipated Financial Hardship due to COVID19

We recognise that many ratepayers are already experiencing financial hardship due to COVID-19. We respect and anticipate the probability that additional financial difficulties will arise when their rates are received.

If a ratepayer's account falls into arrears, eligible ratepayers can apply for hardship consideration in accordance with the terms of this policy.

Where possible and appropriate, we will also provide contact information of the details of relevant support services.

Financial Hardship Criteria

While evidence of hardship will be required, we recognise that not all circumstances are alike. We will take a flexible approach to a range of individual circumstances including, but not limited to, the following situations:

- Recent unemployment or under-employment,
- Sickness or recovery from sickness,
- Low income or loss of income,
- Unanticipated circumstances such as caring for and supporting extended family.

Ratepayers are encouraged to provide any information about their individual circumstances that may be relevant for assessment. This may include demonstrating a capacity to make some payment and where possible, entering a payment proposal. We will consider all circumstances, applying the principles of fairness, integrity and confidentiality whilst complying our statutory responsibilities.

Payment Arrangements

Payment arrangements facilitated in accordance with s6.49 of the Act are of an agreed frequency and amount. These arrangements will consider the following:

- That a ratepayer has made genuine effort to meet rate and service charge obligations in the past,
- The payment arrangement will establish a known end date that is realistic and achievable,
- The ratepayer will be responsible for informing the Shire of any change in circumstance that jeopardises the agreed payment schedule.

In the case of severe financial hardship, the Shire reserves the right to consider waiving additional charges or interest (excluding the late payment interest applicable to the Emergency Services Levy).

Interest Charges

A ratepayer that meets the Financial Hardship Criteria and enters a payment arrangement may request a suspension or waiver of interest charges. Applications will be assessed on a case-by-case basis.

Deferment of Rates

Deferment of rates may apply for ratepayers who have a Pensioner Card, State Concession Card or

Seniors Card and Commonwealth Seniors Health Care Card registered on their property. The deferred rates balance:

- remains as a debt on the property until paid,
- becomes payable in full upon the passing of the pensioner or if the property is sold or if the pensioner ceases to reside in the property,
- may be paid at any time, BUT the concession will not apply when the rates debt is subsequently paid (deferral forfeits the right to any concession entitlement); and does not incur penalty interest charges.

Debt recovery

We will suspend our debt recovery processes whilst negotiating a suitable payment arrangement with a debtor. Where a debtor is unable to make payments in accordance with the agreed payment plan and the debtor advises us and makes an alternative plan before defaulting on the 3rd due payment, then we will continue to suspend debt recovery processes.

Where a ratepayer has not reasonably adhered to the agreed payment plan, then for any Rates and Service Charge debts that remain outstanding on 1 July in any financial year, we will offer the ratepayer one further opportunity of adhering to a payment plan that will clear the total debt by the end of the following financial year.

Rates and service charge debts that remain outstanding at the end of the 2021/22 financial year, will then be subject to the rates debt recovery procedures prescribed in the Local Government Act 1995.

Review

We will establish a mechanism for review of decisions made under this policy and advise the applicant of their right to seek review and the procedure to be followed.

Communication and Confidentiality

Policy Number: 3.22 Cat Management

Legislative Reference: Local Government Act 1995, Cat Act 2011, Cat Regulations 2012, Biosecurity and Agriculture Management Act 2007, Animal Welfare Act 2002

Relates to: Delegation

Background

On the introduction of the Cat Act 2011, Council's position was that no cat management facility would be established in the Shire of Coolgardie.

The Cat Act 2011 relates to domesticated cats and the identification, sterilisation, and registration of cats in which powers are given to a local government to administer and enforce.

In 2019 feral cats were declared a pest under the Biosecurity and Agriculture Management Act 2007.

Policy Objective:

The purpose of this policy is to manage cat regulatory functions within the Shire of Coolgardie's resources.

Policy Scope:

Cat management within the Shire of Coolgardie relates only to domesticated cats.

Policy Statement:

For the Shire to manage cat regulatory functions, this must be undertaken within the Shire's allocated resources. As no cat management facility exists, the Shire is unable to hold cats for an extended period of time if impounded.

The functions the Shire provide include scanning for microchips to identify registered cats, administration of registrations and infringements to domestic cat owners failing to comply with legislative requirements.

Policy Details:

Domestic Cats

Domestic cats over six (6) months of age in townsites within the Shire of Coolgardie are to be microchipped, sterilised and registered. Registrations can be completed at recreation facilities in Coolgardie or Kambalda.

Owners failing to comply with legislative requirements may be issued infringements. Repeat offenders will be infringed.

Identification

Community members in possession of cats which are domesticated, stray or feral can contact the Shire and request for an animal to be scanned for microchips to identify ownership. If the animal is identified then the officer will remove the cat and deal with the legal owner.

Impoundment and Destruction

As the Shire does not have cat management facilities, impoundment of cats by Shire officers for extended periods is unable to occur. Cats which are not identifiable, hence classed as feral or seen to be sick or severely injured may be euthanised by Shire officers.

Community members and businesses in possession of unidentified cats are responsible for rehoming or humane destruction.

The Shire does not provide financial assistance for the management and destruction of feral cats other than the hire of cat traps if needed and if cats are trapped it is the responsibility of the hirer to rehome or humanly destroy the animal.

The Shire undertakes the destruction of animals in a humane manner and where possible rehoming will be the preferred first option.
