

Profile (as it will appear in the election materials)

**CULLEN,
Malcolm**

CULLEN, Malcolm is eligible to stand for election as a resident of the Shire of Coolgardie.

As a long term resident and elected member of the Shire I wish to sincerely thank the residents and ratepayers for their ongoing support throughout that time, and I would like to make a commitment to continue that service into the future.

During my time on council as part of the team, I have worked with council and the administration to maintain services and facilities into our communities, coordinated events and programmes, supported community groups and organisations, local schools, business and the mining industry.

Over the past 12 months I have worked diligently with council to appoint an acting CEO and together we have been able to turn the financial situation the Shire was facing completely around, with all creditors paid and cash in bank.

My focus over the next 4 years with your support, will be to work alongside the new council to continue the financial recovery, improved governance and accountability and actively fight to retain the independence long term sustainability of the Shire.
