

Profile (as it will appear in the election materials)

HOLBROOK, Darryl

HOLBROOK, Darryl is eligible to stand for election as a resident of the Shire of Coolgardie.

A proven leader to lead us forward!

I was previously elected to be your voice as Councillor.

The timing and circumstances were not right for me to effectively do this, nor could I make a difference in a meaningful way. Staying on would have been disingenuous, as people who know me well know I value my *integrity*. With a new CEO and opportunity for *real change*, I want to be part of that change & see our shire thrive.

I am currently employed in Kalgoorlie having previously worked at Kambalda BP, Kambalda Hotel, Goldfields & BHP. I have a very good understanding of the needs and aspirations of our residents.

I believe in participatory democracy, stronger community engagement, meaningful consultation with residents & improved & transparent financial management & reporting.

I will always put the needs of residents first, particularly over FIFO. I would investigate reinstating the yearly *kirbside pickup program*, which never should have been axed so hastily to trim a budget.
