

Profile (as it will appear in the election materials)

KEAST, Tammee

KEAST, Tammee is eligible to stand for election as a resident of the Shire of Coolgardie.

I am standing for Council because our community deserves steady hands, clear and honest decisions, and a strong focus on the basics. That means good roads, tidy parks, and reliable local services. With experience on council, committees, emergency services, and regional advocacy, I bring practical leadership and the blessing of hindsight to forward-focus on improving governance and community outcomes.

Our Shire faces serious challenges. With a *show cause notice* now issued and previous talk of boundary realignment, we cannot risk losing our community's voice. I have the skills to help restore confidence in Council. If the Minister decides otherwise, I will stand firm to ensure our communities continue to receive the services, representation, and respect we deserve.

My approach is simple: listen, learn, act with integrity, and deliver results. Together, we can build a council that earns your trust and safeguards our community's future.

Additional Information

I have lived, worked, and raised my family in the Shire of Coolgardie, and I care deeply about its future. As a mother of four, a volunteer ambulance officer, and a strong advocate for regional communities, I understand the importance of reliable services, safe towns, and councils that are open and accountable.

I bring a mix of lived experience and practical leadership to this role. I have served on local government, committees, represented the Goldfields as a Regional Ambassador, and worked with community groups, emergency services, and regional organisations to deliver real outcomes. These roles have given me insight into what works, what doesn't, and how to move forward with integrity and fairness.

Our Shire is facing difficult times. With the State Government issuing a show cause notice and past discussions of boundary realignment, the risk of losing our community's independent voice is real. If elected, I will work hard to help restore confidence in Council, strengthen governance, and ensure the Shire is focused on the basics good roads, clean parks, dependable services, and open communication with residents. If the Minister decides on change, I will stand firm to protect the interests of Coolgardie, Kambalda, Widgiemooltha and Kurrawang to ensure our towns are not left behind.

I believe leadership means listening first, acting with honesty, and delivering results that matter to everyday people. My commitment is to bring steady hands, a clear focus, and a strong community voice to the Shire of Coolgardie.

Together, we can safeguard our future and build a council that earns the trust and respect of our community.
