

Profile (as it will appear in the election materials)

**MCINERNEY,
Catherine**

MCINERNEY, Catherine is eligible to stand for election as a resident of the Shire of Coolgardie.

As a proud Kambalda resident for the past year and regular visitor over five years, I am committed to contributing positively to our community. I hold a Bachelor of Social Science and have spent my career in roles supporting children, families, and justice initiatives working across education, child safety, and youth justice, including in Indigenous communities in Cape York and the Torres Strait. I have a long history of volunteering, from community transport with St Johns to serving as President of the Cairns Women's Centre and supporting victims through Queensland Homicide Victims Support. Though new to living locally, I've made every effort to stay informed on local matters. I enjoy attending school events with my grandchildren and connecting with residents through community programs. I believe my life experience, values, and community spirit would make me a strong and respectful voice on Council.
