SUMMARY:

For Council to receive the Monthly Financial Report for the period ending 30th April 2017.

BACKGROUND:

In accordance with regulation 34 of the *Local Government (Financial Management) Regulations*, the Shire is to prepare a monthly Financial Statement for approval by Council.

The format for monthly reporting was introduced by the Department of Local Government from 1 July 2005; the change was implemented to provide elected members with a better idea of operating and capital revenues and expenditures. The requirement is for a Statement of Financial Activity with a report detailing material variances. The Financial Report presented includes this as well as other statements and supplementary information.

Section 6.4 of the Local Government Act 1995, requires that financial reports be prepared and presented in the manner and form prescribed in the *Local Government (Financial Management) Regulations*. Regulation 34 has been amended to require that Councils report on the sources and applications of funds on a monthly basis and that the report be noted by Council.

COMMENT:

Attached for consideration is the completed Monthly Financial Report.

The document attached includes Statements of Comprehensive Income by Program and Nature and Type, a Statement of Financial Position, an explanation of material variance as well as a summary of bank account balances at 30th April 2017, loan repayments, and reserve account status.

In accordance with the *Local Government (Financial Management) Regulations*, a report must be compiled on variances greater than the percentage agreed by Council which is currently 5% or \$10,000. With the report prepared at program level, comments have been made regarding variances. A nil variance is equal to 100%,

meaning that the year to date actual is identical to the year to date budget. Comments are therefore provided where variance values are <95% or >105%.

The financials for March continue to represent an improvement in the financial position of the Shire given the rates for 2016/2017 levied and the receipt of grant income. Operational expenditure has been closely monitored and controlled over the past ten months. This is reflective in operational expenditure being \$1,399,044 under budget once adjusted for depreciation. Operating expenditure less depreciation will remain under budget for the final two months.

The efficiencies that have been implemented are impacting positively on the financial position. Operating savings are evident along with unrestricted cash increasing.

The cash position of the Shire continues to remain relatively strong with cash and investments of just over \$5.6 million with \$760,000 currently unrestricted. It is anticipated May and June will see a draw done on funds with no major operating revenue being received. The year end cash flow position will be somewhat strengthened with an advance payment of \$550,876. The final installment of rates is due late May.

Operational savings continue to be made both as a result of savings due to the organizational restructure as well as a greater focus by staff on services and activities resulting in a reduction in costs on materials and contractors.

The works programme is well on schedule with all R2R works all now completed. Due to not enough own source funds being spent over the past 4 years, the Shire will not be receiving the R2R allocation of \$548,500 this financial year.

Operating costs at sub programme level and nature and type continue to be lower than ytd budget in the majority of cases.

As at the 30th April 2017 total comprehensive income was showing a deficit of \$5,479,187 compared to budget review of \$5,546,768. The surplus position at 30th April 2017 details \$3,216,596 compared to year end estimate of \$1,616,477.

During the month of June another budget review will be undertaken. Given the correspondence from Commonwealth Government on R2R funds not be received for the 2016/2017 financial year, a review of the impact on the year end position is essential

DATE: 13 June 2017

AUTHOR: Acting Chief Executive Officer, James Trail

SUMMARY:

To consider recommendations from a review of the budget as at 31 December 2016

BACKGROUND:

In March 2017 Council received the Budget review for the period ending 31st December 2016 as per statutory requirements.

The Local Government Act 1995 (the Act), requires that all local authorities review their budget between January and March each year. The review provides the opportunity to make amendments to take up new funding opportunities (such as new grants), to reallocate savings where projects have been completed under budget or to provide additional funds to areas of over expenditure.

Council was asked to consider the:

- Reallocation of funds between operating accounts to reflect and projected expenditure;
- Allocation of the increased surplus from the previous year identified in the audited annual accounts; and
- Transfer to or from Reserve of projected savings or over expenditure in operations.

The detail of the changes in operating and capital provided to Council in the detailed trial balance for the period ending 31st December 2016 was provided. All of the detail was not presented in the body of the report given the significant amount of amendments required. Furthermore a separate breakdown of amendments to salaries and wages and materials was also provided.

At the Ordinary Meeting of Council on the 31st March 2017 the Council resolved:

COUNCIL RESOLUTION: # 080/17

Moved: Cr, S Botting

Seconded: Cr, T Rathbone

That Council

1. Approve the amendments to the adopted budget as per attachment 2 Shire of Coolgardie Budget Review Report for the period ended 30 June 2016.
2. Adopt the amended Rate Setting Statement as per attachment 2 Shire of Coolgardie Budget Review Report for the period ended 30 June 2016.
3. Approve the Budget Review for the period ended 31 December 2016 carried out in accordance with the Local Government Financial Management Regulations 1995 Section 33A.

CARRIED ABSOLUTE MAJORITY 7/0

COMMENT:

Since the period ended 31st December 2017, some significant variations have occurred. Prudently a budget review to the period ending 30th April 2017 has been prepared. Furthermore, actual expenditure and revenue to the 31st May 2017 have been considered in preparing this review. Some of the significant variations are:

1. The receipt of R2R funding of \$548,500 will not be forthcoming in 2016-2017
2. Advance payment of 2017-2018 general purpose grant of \$278,611
3. Advance payment of 2017-2018 FAGS grant of \$272,265
4. Estimated reduction in employee and material costs of \$250,000
5. Carryover of blackspot road projects to 2017-2018 of \$350,000

Where reallocations are to occur within the operating budget within the same nature or type, and within the same function or activity, the change will not appear on this list, as the budget is adopted for the total of nature within an activity.

The changes impacting on the rate setting statement are detailed in the note on predicted variances. The rate setting statement for consideration as at 30th April 2017 is detailed below:

Estimated amount to be raised from general rates		6,207,655	6,207,655			6,207,655
Closing Funding Surplus(Deficit)	2	1,616,477	3,216,596	70,617	550,876	2,237,970 ▲

The statement above shows a closing surplus position of \$2,237,970 compared to closing surplus position in the budget review to the period ending 31st March 2017 of \$1,616,477.

The Budget Review shows a year end surplus of \$2,237,970 demonstrating a sound financial result estimated to the financial year end. This significance factors influencing the surplus are detailed below:

1. Includes Black spot revenue already received - \$151,240
2. Reduction in transfer to infrastructure renewal reserve of \$253,995
3. Reduction in transfer from landfill reinstatement reserve of \$176,411
4. The receipt of R2R funding of \$548,500 will not be forth coming in 2016-2017
5. Advance payment of 2017-2018 general purpose grant of \$278,611
6. Advance payment of 2017-2018 FAGS grant of \$272,265
7. Estimated reduction in employee and material costs of \$250,000
8. Carryover of black spot road projects to 2017-2018 of \$350,000
9. Purchase of a new Shire Loader

The significance of carrying a surplus of around \$1,500,000 has been explained by the auditors to the Council. Currently, with the uncertainty of collected all rate debts into the future, it is essential the Shire maintains this surplus in the short term along with unrestricted cash in the vicinity of \$400,000 - \$500,000. It is anticipated that the concerted effort by Shire staff to chase outstanding rates and improve operational efficiencies will impact positively both in the short and long term.

Shire staff will continue to work with Council to ensure the liquidity position of the Shire improves along with the operating surplus ratio.

AGENDA REFERENCE: 7.3

SUBJECT: Level of Service Review

LOCATION: Shire of Coolgardie

APPLICANT: Shire of Coolgardie

FILE REFERENCE: NAM5519

DISCLOSURE OF INTEREST: Nil

DATE: 12 June 2017

AUTHOR: Jill O'Brien Deputy Chief Executive Officer

SUMMARY:

For Council to consider accepting the Level of Service Review recommendations, undertaken by the Shire of Coolgardie level of Service review team and John Ravlic (Ravim RBC).

BACKGROUND:

In November 2016 Council expressed an interest in carrying out a level of service review across the organisation. John Ravlic from "Ravim RBC" was engaged to guide the appointed level of service review team to ensure the service reviews meet the Council's aims including:

Improving services

- To understand the services delivered and enable improved management of services.

Resource allocation

- To confirm the level of resource allocation across the Council's portfolio of service

Inform

- To inform elected members and executives new and old alike, to what Council does and how it goes about it.

Service standards

- To understand and better target its service level/standard to avoid gold-plating services – providing services that exceed community expectations, thereby wasting limited resources.

Benchmarking

- To benchmark services against other Councils, against KPIs or against "future self" as part of a continuous improvement program.

Shared services/Partnerships

- To capture relevant data to specify the service for the purpose of exploring the provision of shared services/partnerships with neighbouring councils, regional organisations of councils, government agencies as part of a joined-up-approach, not-for-profit organisations or other likeminded parties.

The Service Review process will --

- lead to a range of service being changed that will result in quality improvements, timely delivery or savings
- identify services that will require further improvement with customers, partners, benchmarking and a more thorough Business Case due to complexity
- identify services that will benefit from a more regional approach to delivery.

The Service Review process will result in alignment of service delivery against community needs and expectations, thereby providing fit-for-purpose services the community can afford.

COMMENT:

Service delivery reviews are vital processes in ensuring local government services are:

- appropriate – that is, services meet current community needs and wants, and can be adapted to meet future needs and wants
- effective – that is, Councils deliver targeted, better quality services in new ways
- efficient – that is, Councils improve resource use (people, materials, plant and equipment, infrastructure, buildings) and redirect savings to finance new or improved services

CONSULTATION:

James Trail – Acting Chief Executive Officer

Level of Service review team consisting of:

- Melanie Finlay – Recreation Services Coordinator
- Noeline Poke – Administration Coordinator
- Peter Miller – Work Supervisor
- Rod Franklin – Leading hand
- Rebecca Horan – Human Resources officer
- Steve Forward – Waste Coordinator

DISCLOSURE OF INTEREST: Nil

DATE: 13 June 2017

AUTHOR: Acting Chief Executive officer, James Trail

SUMMARY:

The purpose of this report is for Council to reconsider tender RFT 05/17 "Information technology upgrade"

BACKGROUND:

The Shire of Coolgardie called for Tender 05/17 "Information technology upgrade" the tender closed at 2.00pm Thursday 23 February 2017. Five tenders were received through the WALGA electronic tender portal and were opened electronically in the presence of Acting Chief Executive Officer James Trail, Deputy Chief Executive Officer Jill O'Brien, Administration Co-coordinator Noeline Poke, Rosemarie Ash, Procurement Specialist, WALGA

At the Ordinary Meeting of Council March 28th 2017, the Council agenda item 1.1.5 contained the following officer's comments:

In order to assist the panel to assess the tender's, NANOSOFT were engaged to conduct a detailed assessment. The assessment and analysis is attached in CONFIDENTIAL Attachment 1.

All tenderers were supplied with a scope of works as well as attending a mandatory site visit. Following the site visit, numerous questions arose. These were provided to the Shire through WALGA. The questions and responses are provided in attachment 2.

Of the five tenders submitted only Tenderer A was fully compliant. The remaining Tenders were non-compliant for the following reasons:

- 1. Tenderer B - Non-compliant – (Quoted Ruckus wireless access points and have made no reference to the size of the server memory)*

2. Tenderer C Non-compliant – (Quoted a different Cisco wireless solution and have made no reference to the size of the server memory)
3. Tenderer D - Non-compliant – (Quoted Ruckus Xirrus wireless solution)
4. Tenderer E - Non-compliant – (Quoted Fortinet Wireless access points and have made only 16GB of memory for the server)

Below is the tender criteria assessment matrix that was used for the assessment

Emerge Technologies		
Criteria	Score (av)	Notes (justification for rating)
Price schedule 50%	3	Value for money outstanding
Relevant Experience 25%	3.8	Experience excellent
Demonstrated understanding 25%	3.3	Resources excellent
10.1 – 66%		

Council resolved:

COUNCIL RESOLUTION # 078/17

Moved: Cr, K Johnstone

Seconded: Cr, T Rathbone

To add The IT Upgrade will be funded over three years as part of operating expenditure as point 4

CARRIED SIMPLE MAJORITY 7/0

COUNCIL RESOLUTION: # 079/17

Moved: Cr, S Botting

Seconded: Cr, T Rathbone

That Council

1. Authorise the Acting Chief Executive Officer to award Tender 05/17 "Information Technology upgrade "for \$256,523.57 ex GST to Tenderer (A) Emmerge Technologies Pty Ltd 49 Brookman Street, Kalgoorlie 6430.
2. Authorise a contract to Emmerge Technologies Pty Ltd 49 Brookman Street, Kalgoorlie for the Information Technology upgrade.
3. Authorise the Shire President and the Acting Chief Executive Officer to sign and affix the Common Seal in accordance with Part 19.1(2) of the Standing Orders Local Law to any required documentation.
4. The IT Upgrade will be funded over three years as part of operating expenditure.

COMMENT:

On the 30th March 2017, the Shire received correspondence from two tenderers. Both expressed:

That the principles of probity that apply to local government tender processes have not been upheld, and wishes to appeal the decision of the Council to award the tender, without undertaking a full evaluation of all tender submissions.

Their opinion was that the Shire of Coolgardie has not followed procedural fairness in the evaluation of tenders submitted, by deeming four out of the five tender submissions noncompliant for submitting a different wireless solution and/or not referencing the size of server memory.

The Scope of Works detailed at Clause 2.5 of the initial Request for Tender (RFT) documentation for RFT05-07 makes no mention of the fact that tender proposals had to retain the existing wireless solution –it merely states that tenderers were to submit a “recommendation to optimise connectivity between all sites and provide access to sites with no current connectivity”.

We acknowledge receipt of Addendum 4, issued on 9 February 2017, which makes mention of ‘Cisco Meraki WiFi solution’ being required; somewhat ambiguously in response to a question about switching hardware. However, email advice from the nominated Contact Person listed at Clause 1.4 in in the Request for Tender documentation, dated 20 February 2017, clearly states that the Shire of Coolgardie would consider alternative wireless options, apart from Cisco Meraki WiFi, as part of the tender submission. I attached a copy of this email sent to [Tenderer] for your reference.

This calls into question the validity of the Shire's evaluation panel to assess tenderer's as being non-compliant on the basis of submitting a different WiFi solution from that referred to in Addendum 4.

In light of the above information, I request that the Shire of Coolgardie re-visit the evaluation process for RFT 05-07, ensuring the principles of probity are applied to the tender process and procedural fairness is afforded to all tenderers.

On receipt of the correspondence the Shire reengaged NANOSOFT to undertake a full review of all tenders. Staff spoke to the Shire's solicitors to request letters be drafted in response to the letters received on the 30th March 2017.

On the 26th April 2017, Nanosoft provided the Shire with the “*Shire Coolgardie: Assessment of the Tender process for RFT 05-07 Procurement Plan*”. The document was subsequently forwarded to the Shire Solicitor in order to draft responses to the two tenderers letters received on the 30th March 2017. In order to seek clarity, the Shire solicitor spoke to Nanosoft prior to drafting responses on the Shire's behalf. Letters were sent to the two tenderers dated 4th May 2017 from the Acting Chief Executive Officer.

The letter expressed the report to the Council for its meeting on 28th March 2017 incorrectly summarised that your tender was non-compliant because it quoted Ruckus wireless access points and have made no reference to the size of the server memory. This was an error and I sincerely apologise for the error and the misunderstanding that resulted. However I am satisfied that the tenders were properly assessed and that there were ample grounds for the Council's decision to select Emerge Technologies Pty Ltd as the preferred tenderer.

Copies of the letters were also provided to the Department of Local Government and Communities.

On the 11th May 2017, the Acting Director Local Government Regulation and Support wrote to the Shire with regards to the matter of the awarding of the IT Tender.

The Department expressed;

Although, it is noted that you are satisfied the tenders were properly assessed it occurs to the Department that if the information provided to Council in regard to the non-compliance of the other four tenders is considered incorrect then it may potentially call into doubt as to whether council has made an informed decision and whether it would also be satisfied that the tenders were properly assessed.

In view of these circumstances, the Department wishes to know if you intend on addressing the error and the resulting misinformation in the minutes which is now on the public record and ensure Council is made aware of the error in the information provided to it in the report.

The Department requests the Shire's assistance in seeking clarification by providing comment on these matters and an indication of whether the Shire would consider subjecting the Emerge Technologies tender to the same level of review that has been afforded the tenders of -----.

As detailed above, Nanosoft was reengaged to undertake a full review of all tenders, resulting in all tenders being subjected to the same level of review.

Based on the omissions to Tenderer A'S pricing guide the 5 points allocated to Tenderer A for their best pricing was split between them and the remaining contender Emerge Technologies. This additional 2.5 points was enough to provide Emerge Technologies with the 61% weighted score which is enough to qualify to be awarded the tender. These results are in Appendix III. **(Confidential report)**.

No purchase order provided, meetings held or contract issued for the IT tender RFT05-07.

CONSULTATION:

Jill O'Brien Deputy Chief Executive Officer
Graydon Robinson – Engineering Director - NANOSOFT
McLeod's
Department of Local Government and Communities

STATUTORY ENVIRONMENT:

The tender process was actioned in accordance with the Local Government Act 1995 (Functions and General) Regulations 1996 Part 4 (Tenders for Providing Goods and Services).

POLICY IMPLICATIONS:

CARRIED ABSOLUTE MAJORITY 4/1

AGENDA REFERENCE 7.5

SUBJECT: Road Closure Request

LOCATION Widgiemooltha

APPLICANT: Mincor Resources

FILE REFERENCE NAM5520

DISCLOSURE OF INTEREST: Nil

DATE 12 June 2017

AUTHOR: Francesca Lefante, Consultant Town Planner

SUMMARY:

Mincor Resources are seeking support for a road closure to enable the organisation to progress its mining operations.

The subject road is referred to as Road 1051 and is located in Widgiemooltha. The road comprises of a road reservation connecting with Kingswood Street. There is no constructed road along this portion of the subject road reservation.

BACKGROUND:

Mincor Resources is progressing its feasibility study and preliminary works towards the commencement of mining at the North Widge Gold Project which includes an open pit.

In support of this request to close the road Mincor have advised that :-

- DMP Tenagraph mapping system shows that the eastern end is already closed and the remainder, which passes through our proposed Hronsky and West Oliver pits is currently unmaintained.
- Landgate have indicated that although Road 1015 is an official Road, it is un-named and no other details are held on file.

COMMENTS:

The subject road is unmade, located within Widgiemooltha, with the road reservation intersecting with Kingswood Street.

There are a various tracks located in close proximity to the subject reservation, connecting mining operations to Widgemooltha and the Coolgardie Esperance Highway, although none are located within dedicated road reservations

As Road 1051 reservation runs through the proposed mining operations and section 55 (3) (a) of the Land Administration Act 1997, suspends the operation of the Mining Act as it relates to the road reservation until such time as the relevant road is closed under Section 58, it will be necessary for Mincor to pursue this road closure.

Process

The process to close a road is prescribed under Section 58 of the *Land Administration Act 1997* and Regulations 9 of the *Land Administration Regulations 1998*. The full details of this legislation are included further in this report, in summary the prescribed process is:-

- Step 1 - Council considers the request and any relevant matters, and where the proposal has merit may resolve to initiate the road closure process and undertake formal advertising (notification).
- Step 2 - Undertake public notification of the proposal for a period of 35 days including:-
 - notification in the newspaper and
 - Council may also want to notify property owners within close proximity (within the Widgeemooltha townsite).
- Step 3 - Prepare a sketch plans showing the location of the road.
- Step 4 --Council consideration of any submissions received during the notification period, and in the event the Council support the proposal, formal council resolution supporting the road closure is required.
- Step 5 - Forward all necessary documentation (as detailed in the legislation) to the Minister for consideration.
- Step 6 - The Minister will consider the Council request on the proposal and can either support the proposal, request the Council to reconsider the proposal or refuse the proposal.
- Step 7 - Where the road closure receives Ministerial approval, the land reverts back to the Crown and can be dealt with accordingly by the Department of Lands.

Matters for Consideration

The key matters for consideration for this road closure request are the impact on current and future users and any asset implications for the Shire. Accordingly the followings matters are provided for council consideration. On this road closure:-

- Road Use and connectivity - the frequency of the use of the road and its connectivity.
 - In this instance the road is unmade and as such does not provide any road function or connectivity. There are various unnamed tracks throughout this area but none of them align with the road reservation.
 - Access to the mining activities in the area are via various tracks that connect to Kingswood Road.
- Road Condition and Shire Asset status.
 - This road is current unnamed and unmade.
 - The Shire Asset maintenance program does not include this road.
 - There are no implications on the Shires asset.
- Future development
 - The area surrounding this road is zoned rural and is subject to various mining activities.
 - There is limited development within the town site, with no developed sites location on the subject road reservation.
 - There is no future urban development (residential, commercial) in this area that would be impacted by the closure of this road.

Summary

In light of the above comments there does not appear to be any negative impacts associated users of the proposed reservation nor any asset or financial implications to the Shire of Coolgardie with this road closure request.

CONSULTATION:

Deputy Chief Executive Officer - Jill O'Brien

Section 58 (3) of the Land Administration Act 1997 sets out the statutory public notification and submission consideration required should the Shire pursue this road closure.

STATUTORY ENVIRONMENT:

Land Administration Act 1997 - Section 58 - Closing roads

- (1) When a local government wishes a road in its district to be closed permanently, the local government may, subject to subsection (3), request the Minister to close the road.*
- (2) When a local government resolves to make a request under subsection (1), the local government must in accordance with the regulations prepare and deliver the request to the Minister.*
- (3) A local government must not resolve to make a request under subsection (1) until a period of 35 days has elapsed from the publication in a newspaper circulating in its district of notice of motion for that resolution, and the local government has considered any objections made to it within that period concerning the proposals set out in that notice.*
- (4) On receiving a request delivered to him or her under subsection (2), the Minister may, if he or she is satisfied that the relevant local government has complied with the requirements of subsections (2) and (3) -
 - (a) by order grant the request; or*
 - (b) direct the relevant local government to reconsider the request, having regard to such matters as he or she thinks fit to mention in that direction; or*
 - (c) refuse the request.**
- (5) If the Minister grants a request under subsection (4) —
 - (a) the road concerned is closed on and from the day on which the relevant order is registered; and*
 - (b) any rights suspended under section 55(3)(a) cease to be so suspended.**
- (6) When a road is closed under section, the land comprising the former road:-
 - (a) becomes unallocated Crown land; or*
 - (b) if a lease continues to subsist in that land by virtue of section 57(2), remains Crown land**

Land Administration Regulation 1998 - Regulation 9 - Local government request to close road permanently(Act s. 58(2)), requirements for

For the purposes of preparing and delivering under section 58(2) of the Act a request to the Minister to close a road permanently, a local government must include with the request —

- (a) written confirmation that the local government has resolved to make the request, details of the date when the relevant resolution was passed and any other information relating to that resolution that the Minister may require; and*
- (b) sketch plans showing the location of the road and the proposed future disposition of the land comprising the road after it has been closed; and*
- (c) copies of any submissions relating to the request that, after complying with the requirement to publish the relevant notice of motion under section 58(3) of the Act, the local government has received, and the local government's comments on those submissions; and*
- (d) a copy of the relevant notice of motion referred to in paragraph (c); and*

- (e) any other information the local government considers relevant to the Minister's consideration of the request; and
- (f) written confirmation that the local government has complied with section 58(2) and (3) of the Act.

POLICY IMPLICATIONS:

Nil

FINANCIAL IMPLICATIONS:

Cost of undertaken the statutory advertising

STRATEGIC IMPLICATION:

Solutions focussed and customer oriented organisation.

- High quality corporate governance, accountability and compliance.
- Effective communication and engagement processes.
- Development of Shire's resources to provide optimum benefit to the community.

Cohesive and engaged community.

- Develop a cohesive approach to community development across the Shire.
- Support community safety and security initiatives.

Diversified and strengthened local economy.

- Foster innovation, partnerships and investment from across sectors to support economic development and the attraction and retention of residents.

Effective management of infrastructure, heritage and the environment.

- Foster excellence in urban and rural planning and development.
- Develop and maintain Shire buildings, facilities and infrastructure assets.

VOTING REQUIREMENT:

Simple Majority

OFFICER RECOMMENDATION:

That Council, in relation to a request to the closure of Road 1051 Widgemooltha resolves to-

1. SUPPORT initiating the formal Road Closure process in accordance with Section 58 of the Land Administration Act and Regulations
2. SUPPORT in principle the request by Mincor Resources to close Road 1051 within Widgemooltha, has having merit.
3. INITIATES public notification of the proposed road closure for a period of no less than 35 days from publication in the newspaper circulating in the district that covers the subject site.
4. NOTIFIES landowners within Widgemooltha town site of the proposal by letter and invite comments.
5. INITIATES the preparation of sketch plans of the road reservation 1051.
6. CONSIDERS a further report on any submissions received during the notification period and makes a final recommendation.

AGENDA REFERENCE: 7.7

SUBJECT: Coolgardie Skate Park Tender 06/17

LOCATION: Coolgardie

APPLICANT: Shire of Coolgardie

FILE REFERENCE: NAM5513

DISCLOSURE OF INTEREST: Nil

DATE: 7 June 2017

AUTHOR: Melanie Finlay, Recreation Services Coordinator

SUMMARY:

For Council to consider accepting the tender for RFT 06/17 "Design and Construction for the Coolgardie skate park" from Services Inc Pty Ltd 13 Hardings Road Karrabin, Queensland 4306.

BACKGROUND:

The Shire has received funding through the Department of Sport and Recreation to the value of \$48,000, Evolution mining \$56,000 and with the Shire's co contribution of \$50,000 to redevelop the Coolgardie skate park. The Shire went through the tender process for the "Coolgardie skate park design and construction" through the WALGA preferred supplier panel in February, the tender closure date was 2.00pm 15 March 2017. One quote was recieved for the Cooglardie skate park from CONVIC for the price of \$140,000 excluding GST.

The Shire originally utilised the WALGA prefered suppliers E quotes portal online for the tender submissions for the contract. One tender was submitted and accepted by Council, however due to the approved contractor (CONVIC) wihtdrawing from the tender the Shire retendered for the project

The Coolgardie Skate Park tender was advertised on Saturday 29 April 2017, the Coolgardie Skate park tender closed on Thursday 1 June at 2pm 2017 with one submission.

The Tender received from "Services INC PTY LTD" of 13 Hardings Road, Karrabin Queensland. Services INC PTY LTD were engaged by the Shire for the desgin and contruction of the Kambalda Skate Park in 2013. Services Inc's quote outlined a 7 week methodology with start date being late June for the project to be completed in late August.

Specifications for concrete Skatetboard facility

1. Preliminaries
2. Construction drawings
3. Clearing

4. Excavation
5. Filling
 - 5.1 Material
 - 5.2 Placement
6. Concrete
 - 6.1 Concrete Skate surface
 - 6.2 Concrete skate obstacles
7. Drainage works
8. Final clean up

Services INC PTY LTD is managed by Warren Cross as Director and has completed over 200 Skate Parks successfully throughout Australia with all parks been completed on time and with satisfactory outcome to the client.

Services INC PTY LTD only uses experienced staff which have been working with Warren Cross for many years constructing Skate Parks throughout Australia.

Warren Cross has 18 years experience constructing Skate Parks, registered BSA license member.

Warren has stated in this tender submission that Services INC PTY LTD price has been based on an "M class" site to design and construct the skate park. A Classification of an M class (definition is below)

**Class M /
M-D
(20-40mm)**

Moderately reactive clay or silt sites. May experience moderate ground movement as a result of soil conditions and moisture changes.

The Shire is getting the Coolgardie skate park site surveyed and classified on Tuesday 13 June 2017, if the classification of the skate park is classed as an M and if Council agrees to accept this tender the skate park project will continue.

If the Skate park site is classified in any other category the results will be reported back to Council for further consideration.

The tenderer has stated that due to the limited budget he will not be able to include park furniture, as this was part of the scope of works.

COMMENT:

Having contracted the Kambalda skate park out to "Services INC PTY LTD" for the Kambalda Skate park project Warren and his team completed the project within the time frame and set budget, there were no concerns with his workmanship and the team was easy to deal with.
