PEDESTRIAN ACCESS OPPOSITE TO SCHOOL GATE
PROPOSED GATE 1.0m WIDE 1.8m HIGH

MORAN STREET

C.A.P.S.

NOTE

Scope of works is strictly limited to the installation of perimeter security fencing, gates and minor surface leveling for an open-air oval. No structural or building works proposed.

Proposed Internal Access Gates (Student & Staff Entry Only - Kept Locked Outside School Hours)

All gates open inward onto lot

No sports lighting or outdoor illumination infrastructure proposed

Stormwater management via existing natural overland flow. No engineered drainage structures, sumps, or hardstands proposed

Subsurface reticulation lines to be extended from existing school water infrastructure. No independent pump sheds, tanks, or water meters proposed on this site

Existing vacant land cleared of major vegetation. No native trees or established flora proposed for removal
